LEGENDARY K-ZONERS DOING LEGENDARY THINGS.

FANTASTIC FOUNDER

Name: **Jack**

Heroic feat: **Jack was the Australian contributor for the LEGO 'Rebuild The World' campaign; a 4 metre LEGO globe at LEGO House in Billund, Denmark! Jack is also the founder of the charity 'A Fiver For A Farmer'.**

FAST THREE WITH JACK

K-Z: Hello Jack! When did you join the LEGO 'Rebuild The World' campaign?

J: LEGO reached out to me a couple of months ago and asked if I would be interested in creating something for the global Rebuild The World campaign. My LEGO build that I made in my living room was re-created by LEGO Master Builders, and added to the globe installation!

K-Z: What inspired your 'Farming Hope' build?

J: I wanted it to symbolise sustainability and positivity. When I thought about what I would do if I rebuilt the world, I knew my build needed to feature the essentials for a happy life. I included a stream for water, crops for food, a windmill to generate power, and a rainbow to symbolise diversity and hope. I couldn't work out what was missing until I realised it needed a farmer! It took two nights to build in total. I could have done it faster but I wanted to take my time and make sure I didn't leave anything out. I hope Rebuild The World makes kids think about how they would rebuild the world!

K-Z: What does A Fiver For A Farmer do?

J: I started A Fiver For A Farmer three years ago, after watching a news program at school. It showed kids missing school and activities so they could help their parents on drought-affected farms. It lit a fire in my belly and I knew I couldn't stand back and do nothing. I sent an email and a whole movement started. K-Zoners can take part in Fiver For A Farmer Day next September, and donate any time to the charity on our website! I encourage kids to ask their parents to buy in-season produce, check labels and shop Aussie where possible.

NEWS FEED

BITE-SIZED NEWS FOR HUNGRY MINDS!

MUSIC NEWS

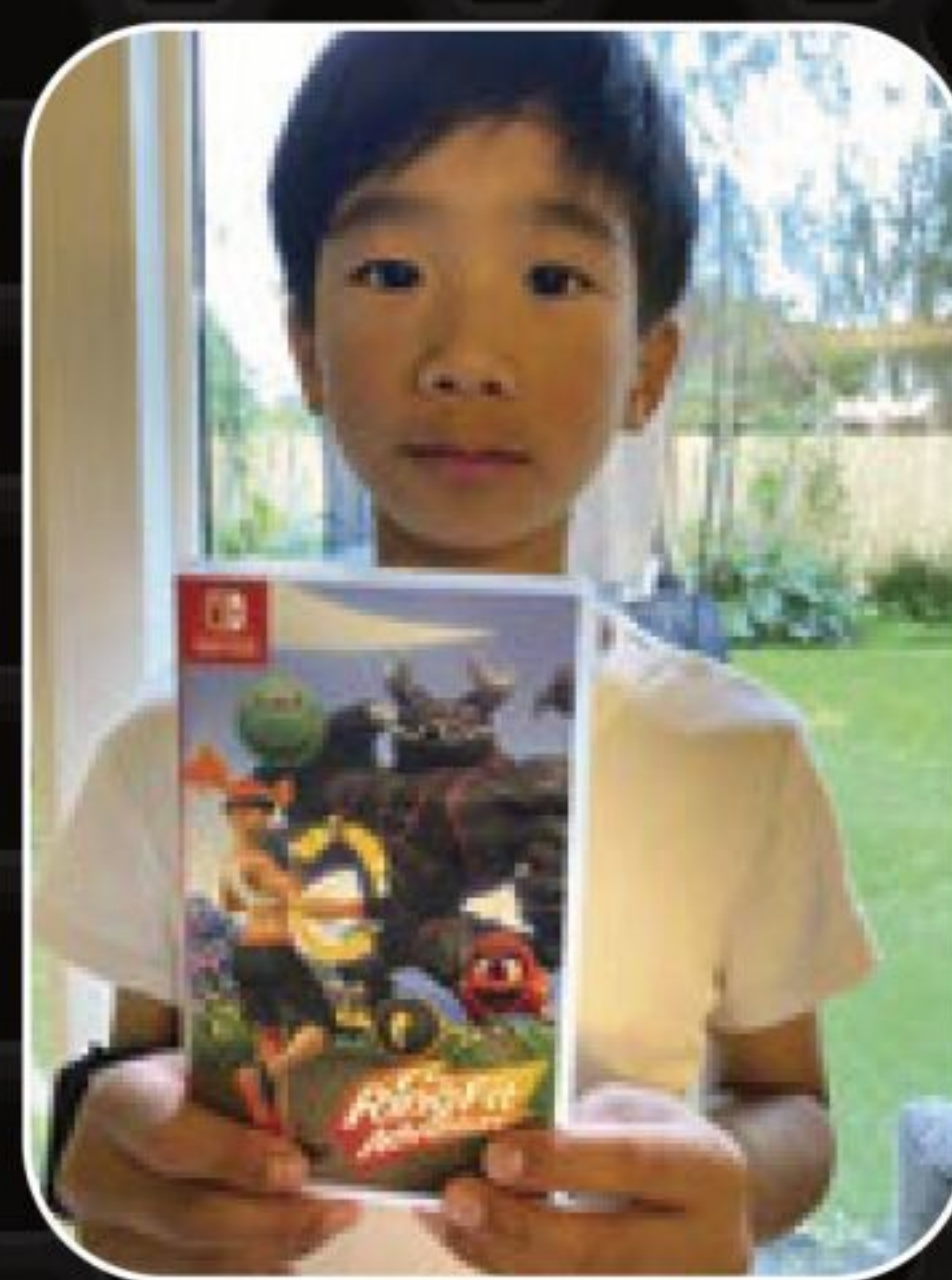

Barcelona's Liceu Grand Theatre held an unusual concert in June, as the UceLi Quartet performed 'Cristanemi' ('The Chrysanthemums') by Pucini for an audience of 2292 plants! The concert was streamed online and the collection of palms, ficus trees and Swiss cheese plants were given to 2292 healthcare professionals, mostly from the Hospital Clínic of Barcelona. A genre of 'plant music' has existed since the 1970s and is based on the idea that plants benefit from listening to music! We hope the musical ferns... uhh, fans, in the theatre enjoyed the show.

RECORD NEWS

Michelle Ninley from Detroit, Michigan, USA has set the Guinness World Record for 'largest hand-drawn maze'. The final maze covered over 104 square metres, taking three months and 10 days to create. Michelle attempted the record to raise funds for a local organisation providing community art programs for kids.

SPINIFEX GRASS

Spinifex grass has been used to make glue in the desert for thousands of years! Aboriginal people have picked and crushed spinifex grass, then heated and cooled it down to make a deadly resin used in creating tools. To this day, spinifex grass is being used as glue by First Nations communities around Australia. Now, engineers are also working to see if spinifex grass can be a sustainable resin to replace manufactured glue for buildings.

APRIL 2000

Behold, the glorious OG issue that started it all and made history, starring K-Zone fave, Pikachu! K-Zoners at the time were hyped on *Pokémon* thanks to the recent release of *Pokémon Stadium* on Nintendo 64. The April 2000 issue even had a cool *Pokémon* comic!

JUNE 2004

Gaming cheats were so popular that the pages had to be sealed in a super special section! *Shrek 2* and *Harry Potter and the Prisoner of Azkaban* were the biggest movies of the year, and the K-Crew even had a magical chat with Harry Potter himself, Daniel Radcliffe!

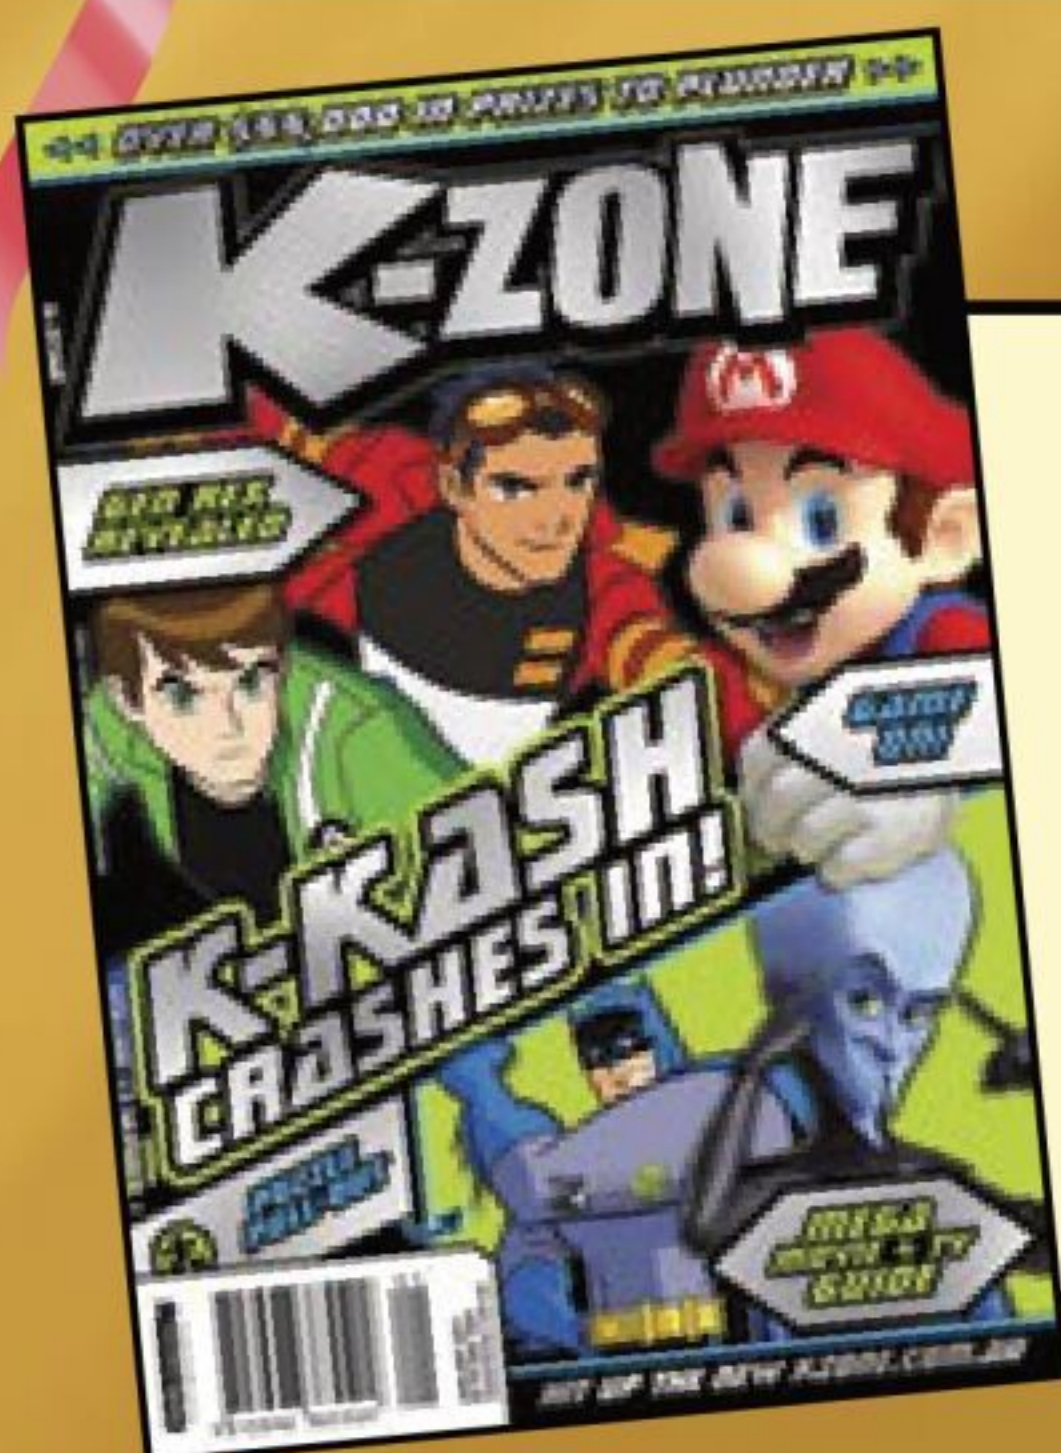

OCTOBER 2006

K-Zone had a makeover and introduced the world to the fresh look that we all know today. Look at that neon snot green – a total K-Zone classic! The October 2006 issue was an awesome 3D issue and featured important info about anime faves, including *Naruto* and *Yu-Gi-Oh! GX*!

APRIL 2010

The awesome 10th birthday issue! KZHQ wasn't messing around, with epic prizes up for grabs (like Nintendo DSi and Nintendo Wii consoles) to celebrate the occasion, plus the chance to train with an A-League team! K-Zoners were also introduced to a new film called *How to Train Your Dragon*...

JANUARY 2011

Wow, so shiny... Check out that reflective silver and classic neon green! Cover heroes Ben 10 and Generator Rex were the coolest toon stars at the time, and teamed up in an epic crossover later that year. This issue had an epic jackpot of over \$55,000 worth of prizes!

ROUGH THE YEARS

0 HIGHLIGHTS FROM THE LAST 250 ISSUES!

OCTOBER 2014

It was Adventure Unlimited in the October 2014 issue with an incredible Extreme special, rad *Adventure Time* comic and a peek at cool new game releases, like *Disney Infinity 2.0* and *Skylanders Trap Team*! How epic does *Disney Infinity*'s Iron Man look next to *Skylanders* villain, Kaos?

NOVEMBER 2016

The majorly magical 200th issue included deets for two massive movies; *Doctor Strange* and *Fantastic Beasts and Where to Find Them*. The original cover star, Pikachu, even took time to make another appearance and paused their *Pokémon Sun* and *Moon* adventures to chat to the K-Crew!

AUGUST 2017

Gaming fever was at a high in August 2017, with an awesome 16-page E3 gaming special! The brightly-coloured, paint-splattered issue included now-classic faves such as *Splatoon 2*, *Marvel's Spider-Man*, *Super Mario Odyssey* and *Forza Motorsport 7*! Yeww!

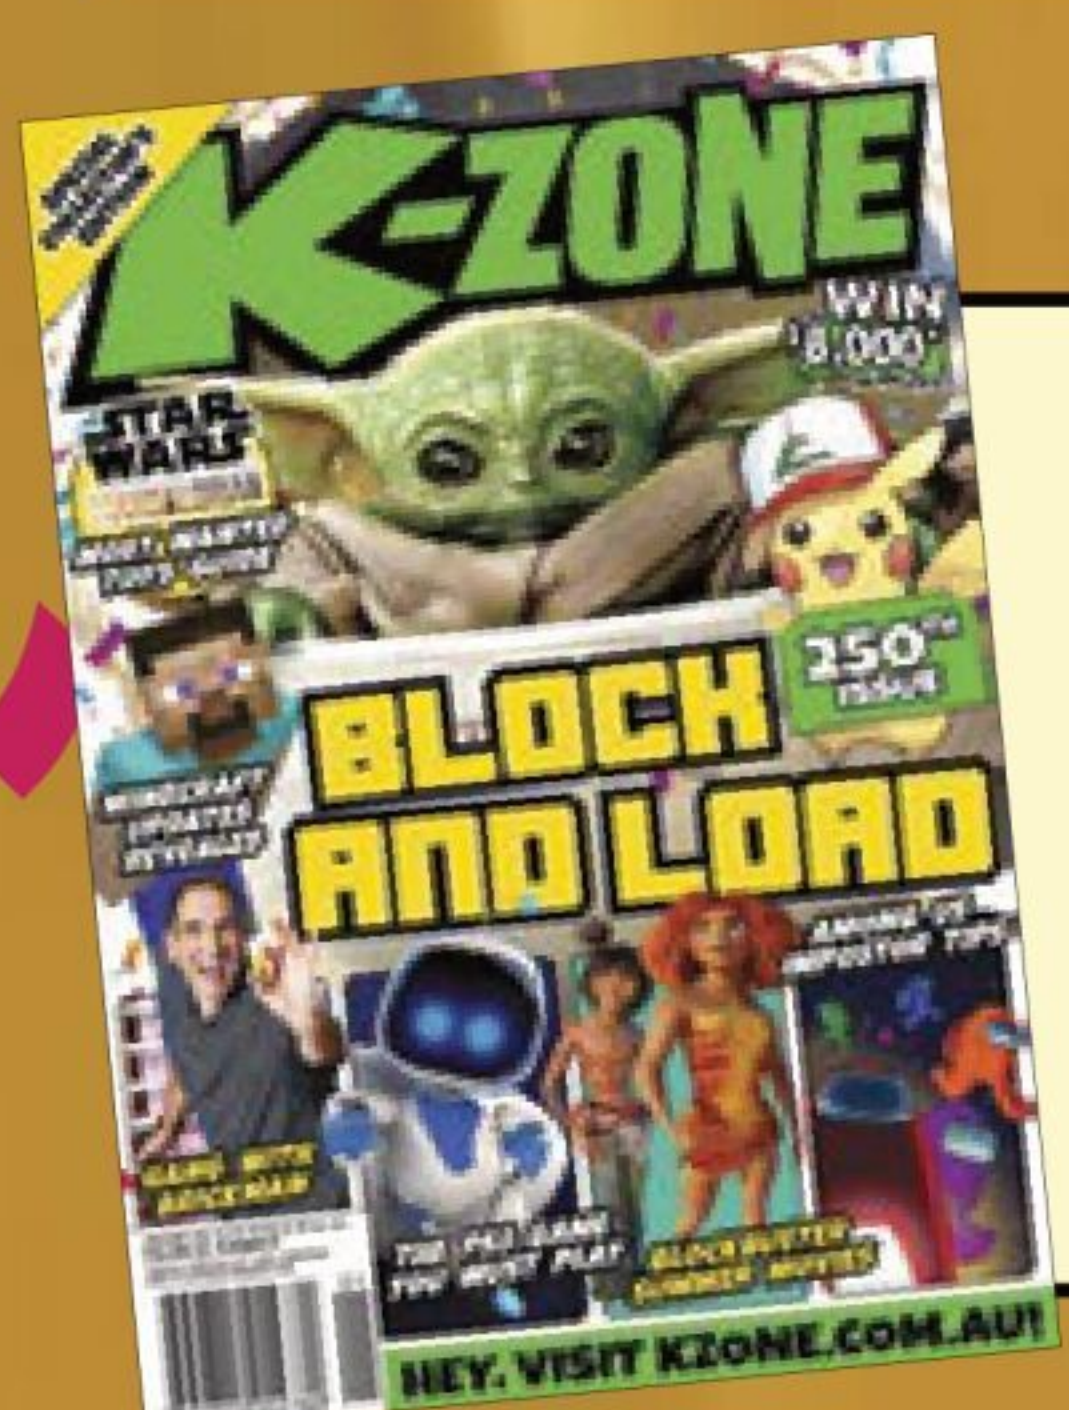

JANUARY 2019

The K-Zone Team decided to fearlessly dive into a mega movie-verse with the January 2019 issue, and encountered fantastic flicks like *Spider-Man: Into The Spider-Verse*, *Ralph Breaks the Internet: Wreck-It Ralph 2*, *Aquaman*, *Bumblebee* and *How to Train Your Dragon: The Hidden World*!

JANUARY 2021

Our incred 250th issue! The Force is still strong at KZHQ, especially when there are piles of Baby Yoda (AKA The Child) loot from *The Mandalorian* to check out. We also investigate the latest *Minecraft* update and speak to LEGO pro Ryan 'The Brickman' McNaught!

THE CHILD C

WE USED THE FORCE TO ROUND UP THE LATEST BEST TOYS FOR THE STAR OF THE M

STAR WARS THE MANDALORIAN

THE CHILD ANIMATRONIC EDITION

This epic toy is a cool animatronic version of The Child from *The Mandalorian*. Being animatronic means that the toy moves in a realistic or natural way, compared to other figures or puppets. Motorised movements allow the head to move, and the arm to raise – very important for using the Force.

RRP
\$99.00

Want to know how to activate the sounds and movement? This is the way... Just touch the top of the head. There are over 25 sound and motion combinations, like giggles, babbles, sleeping and Force effect sounds! Watch the eyes open and close, or the ears move back and forth. Pat The Child's head three times to activate the Force abilities, like raising an arm, closing its eyes and sighing!

FINAL VERDICT

Obsessed with The Child but can't meet the Force-user IRL? The Animatronic Edition is the next best thing. We rate the sounds and movements, plus the legit styling with the robe and removable necklace. Remember to grab AA batteries, so you can experience the complete effect!

ASTRONOMICALLY AWESOME

HERE'S WHY YOU'VE GOTTA PLAY ASTRO'S PLAYROOM ON PS5!

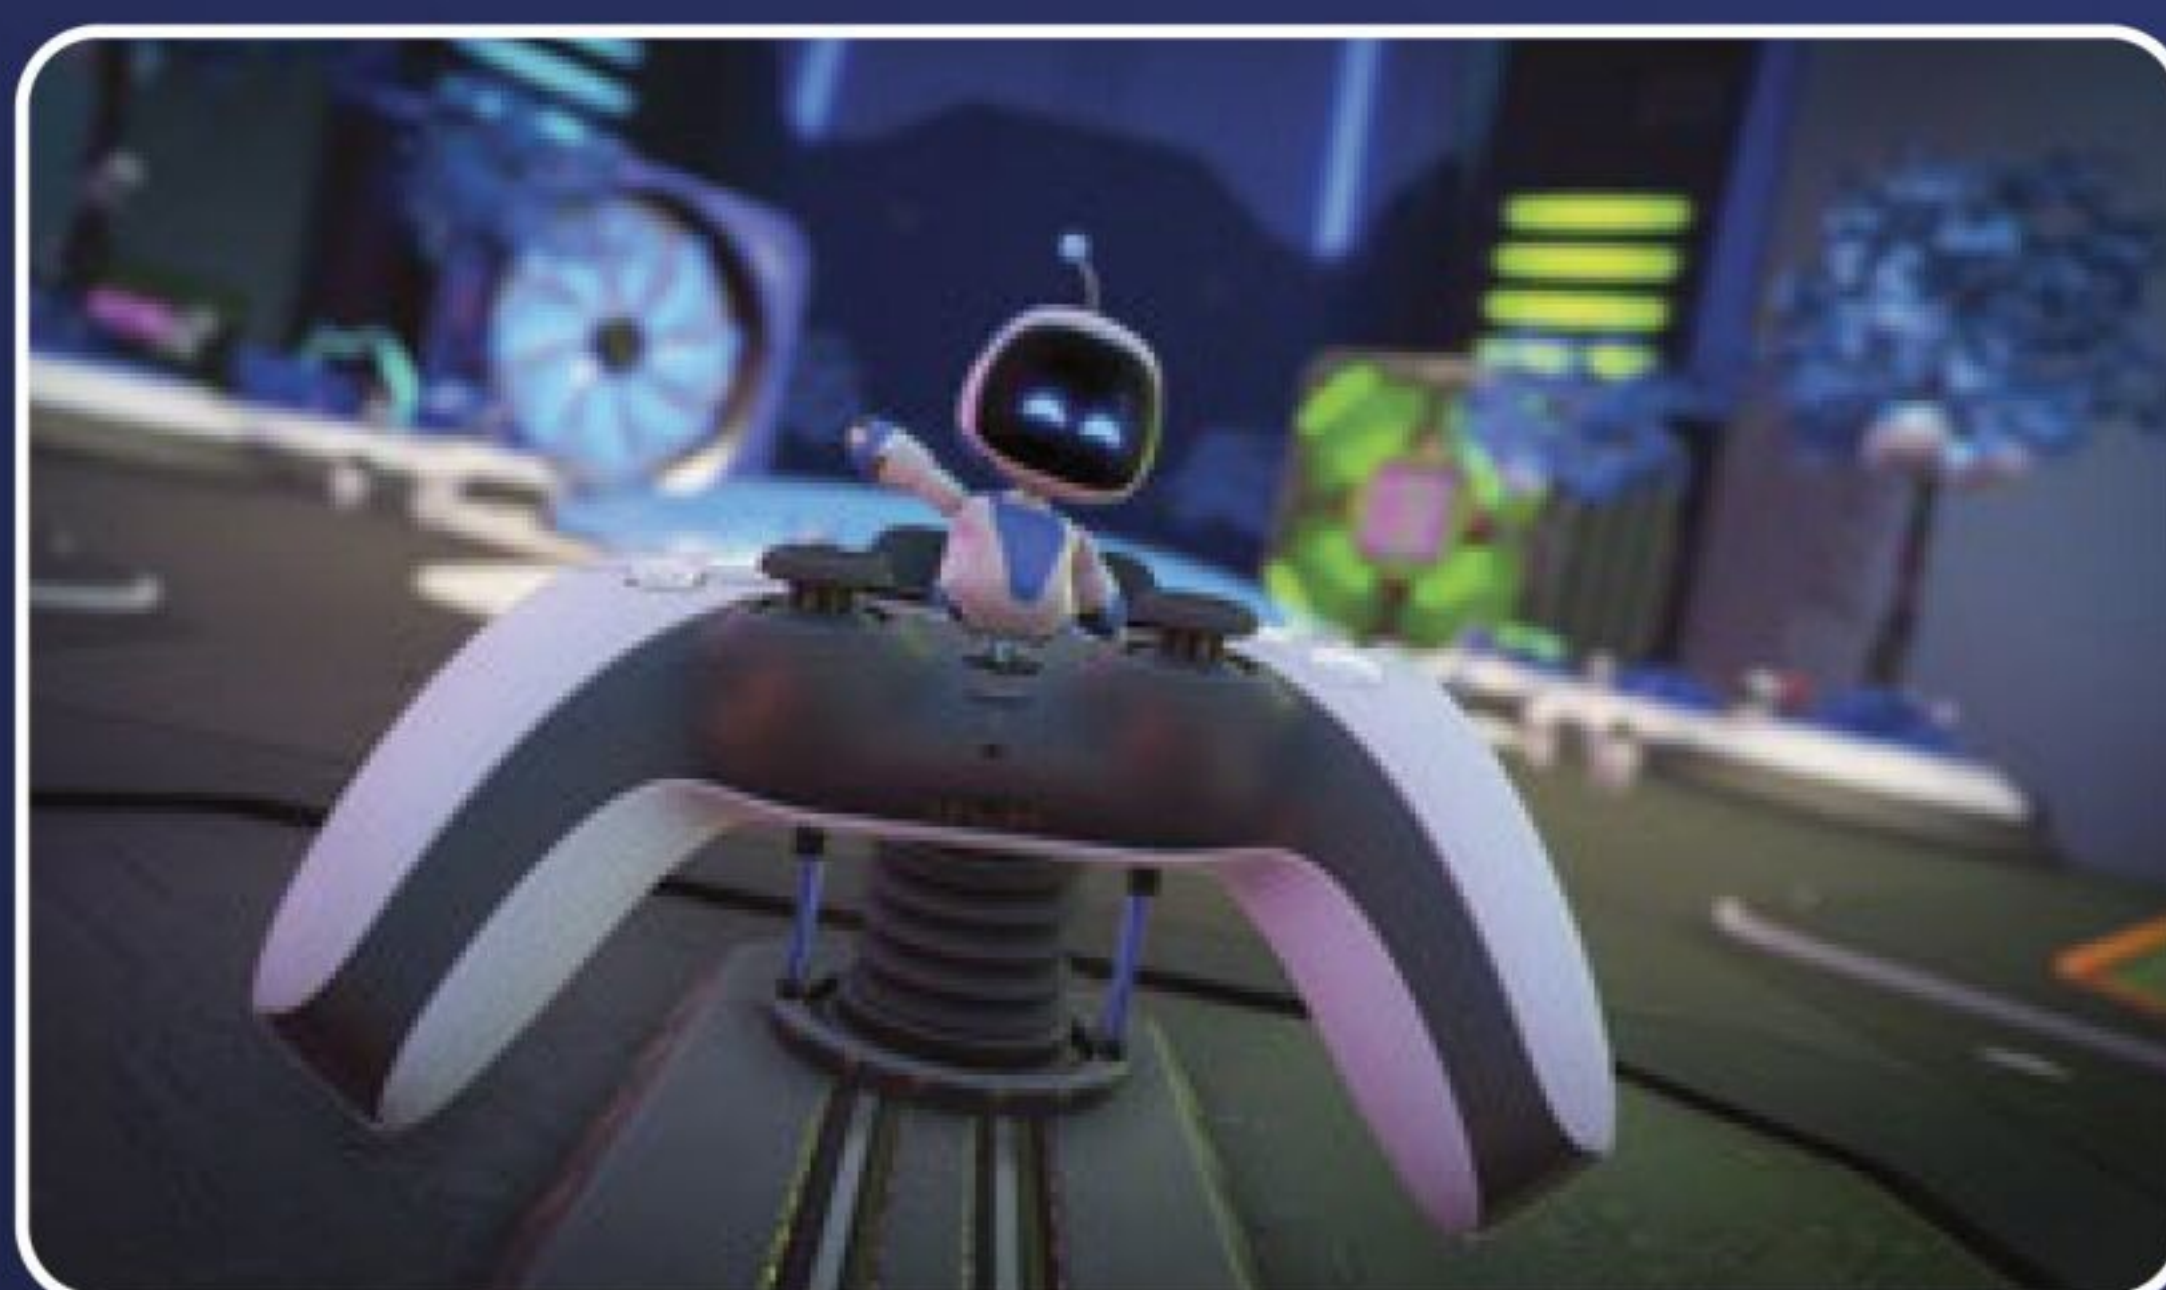

ADORABLE BOT

It's no secret that the K-Crew loves robots and this bot is no exception. We reckon Astro could be a distant relative of EVE from intergalactic movie, *Wall-E*! PSVR users will also recognise Astro from the 2018 game, *Astro Bot Rescue Mission*, where you needed to help Astro reunite with its robot friends.

FREEBIE FUN

If you are a gamer lucky enough to get your hands on the new PS5, you will find that *Astro's Playroom* is actually already pre-loaded with the console, so you won't need to buy this game separately. It's a new adventure all set up and ready to go, so what are you waiting for? Launch into this suh-weet game!

EXPLORE THE PS5

This game is a fun way to experience the capabilities of the DualSense wireless controller. The four worlds each have four levels, and eight speed run challenges are unlocked after completing the main campaign. Some levels are even PS5-themed, like the Cooling Springs stage (set in the console's cooling system)!

EASTER EGGS

This game is a tribute to the different generations of PlayStation. As you race around levels to collect puzzle pieces and trophies, look out for Easter eggs. Can you spot all of the shout outs to the original PlayStation controllers, or games like *Concrete Genie*, *Dreams*, and *Little Big Planet*? Keep your eyes peeled!

SUPER SUITS

Who doesn't love nabbing power up suits? This game has pretty cool suits and abilities like the Monkey Suit, which lets you climb steep walls, and a suit with spring legs that is perfect for launching from platforms!

Astro's Playroom is available now on PS5!

BRICKMAN

RYAN 'THE BRICKMAN' MCNAUGHT SPILLS ABOUT HIS NEW

K-Z: Hi Ryan! What's your fave thing about building with LEGO?

R: I can build anything! There's nothing that you can't make out of LEGO!

K-Z: Do you have any top tips for sorting LEGO pieces quickly?

R: I like to sort by colour, then by part type. It makes it easy to find things that way.

K-Z: There are so many challenges in *Brickman's Family Challenge Book*! How did you decide which ones to include?

R: By having a lot of fun! No seriously – by playing and testing the challenges a few times, we added the ones we all found the most fun.

K-Z: What's your favourite LEGO set?

R: I have a few! Set number 744 (a basic brick set) was my fave growing up. It had a motor, so I could make all sorts of contraptions!

K-Z: How do you keep coming up with fresh creations?

R: I've got a massive list (several thousand items long) of things to build, and I'm always adding to it, so I doubt I'll ever run out of ideas.

K-Z: How long does a large-scale build take to create, from idea to final result?

R: It depends on exactly how big the model is. The longest we have spent on one model was about four months – it was a giant Christmas tree we made years ago.

K-Z: What type of planning goes into creating the big models?

R: A lot of planning! Depending on what it is, there may be all manner of plans drawn up. We need to think about how we move it around, pack it up, install it; you name it! A lot of maths!

WELCOME

W BOOK AND BEING A LEGO PRO!

K-Z: If you could pick any LEGO series or world to live in, which one would it be?

R: I def wouldn't choose *Jurassic World*, that would be scary. LEGO City is full of fires and criminals, so perhaps something like underwater explorers would be cool.

K-Z: Which LEGO creation or set would you bring to life for a day?

R: The LEGO Bugatti supercar, so that I could take it for a spin!

LEGOVILLE CHALLENGE

LIGHTNING ROUND

First LEGO memory?

R: Getting a little LEGO boat for my third birthday.

First LEGO set you bought?

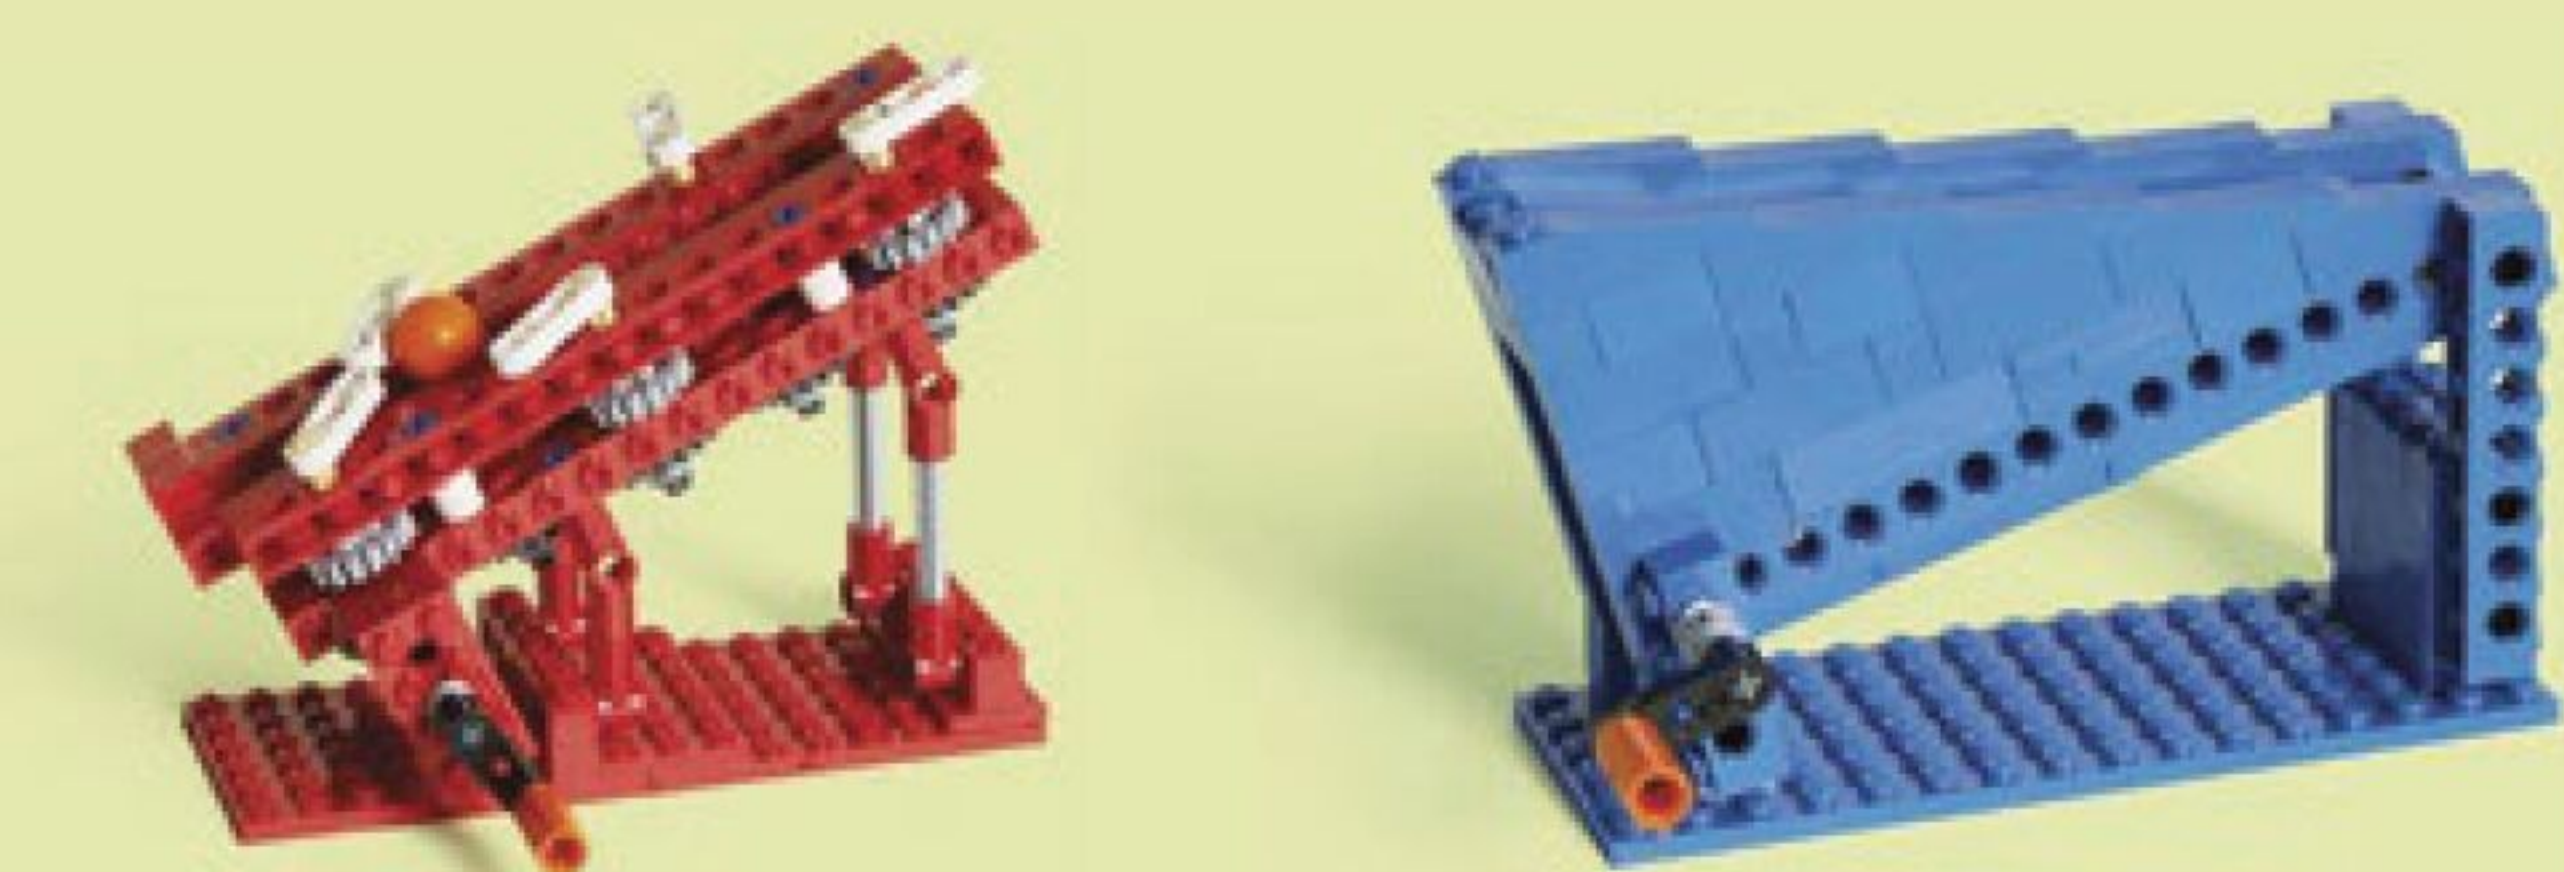

R: I saved my pocket money for a whole year and bought the LEGO Castle Set 375.

First major LEGO build?

R: We made a life-size car out of LEGO for LEGO Masters 2019. It took about six weeks and 12 of us worked on it!

First LEGO-related record?

R: I have held a few LEGO records over the years. I think the one I've had about three times is 'tallest LEGO model in the southern hemisphere'; I keep beating my record with something taller.

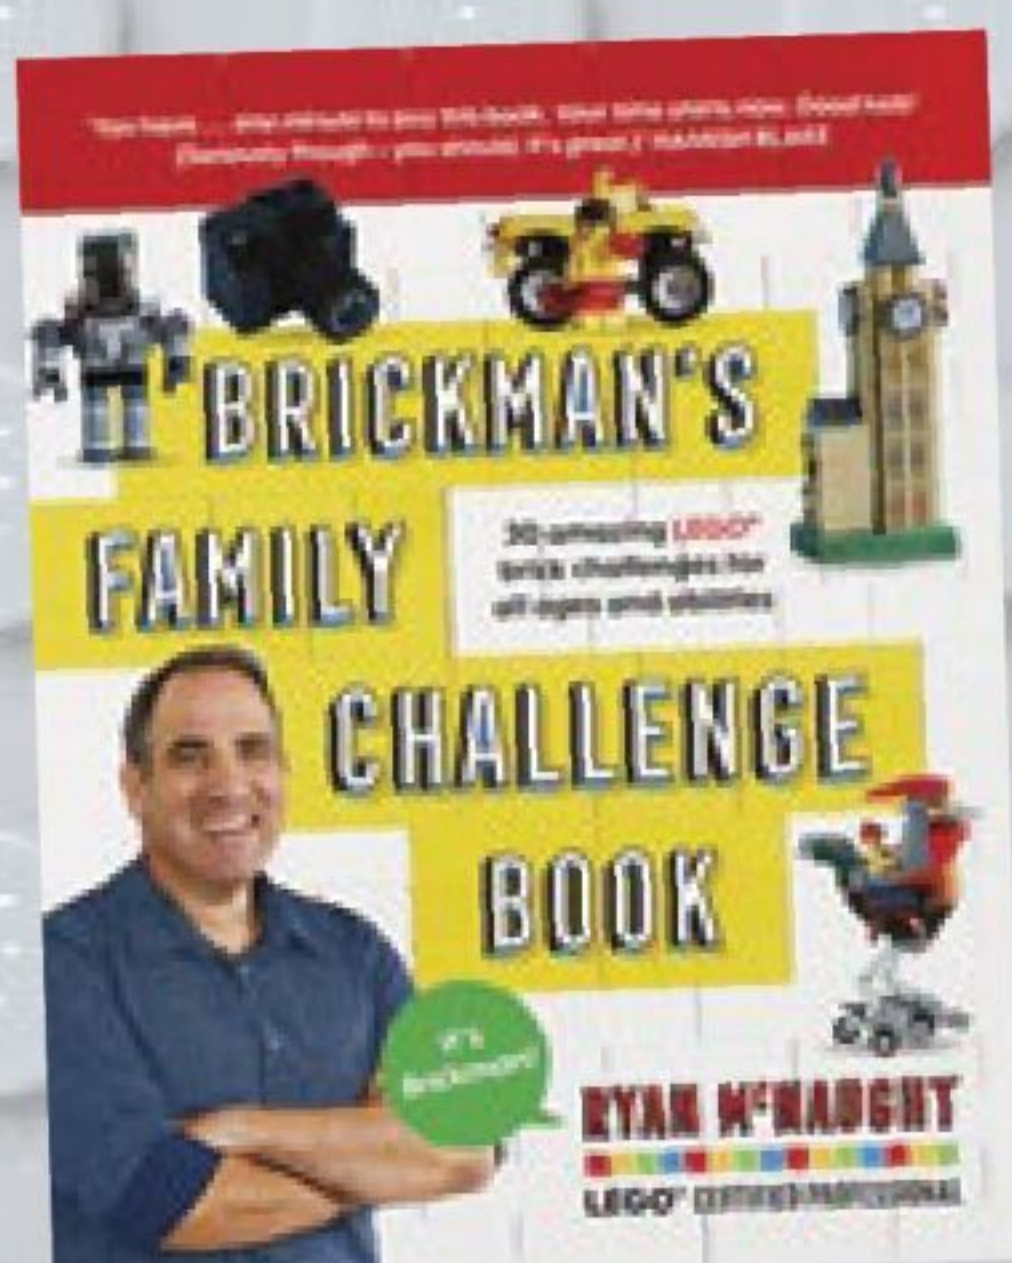

CHAIN REACTION CHALLENGE

K-Z: Most memorable LEGO injury?

R: I've got a few stitches on the top of my head from a LEGO model; LEGO bricks are sharp.

K-Z: Ouch! Are you currently working on any other projects?

R: The next season of LEGO Masters is coming up soon, so we're working on that. It's so much fun making the builds we need for the show.

Brickman's Family Challenge Book is out now!

FAMILY

MEET THE CROODS AND THE BETTERMANS - TWO VERY DIFFERENT FAMILIES AT THE

THE CROODS

EEP

A teenage cavegirl and the eldest child in her family, Eep is an adventurous Neanderthal whose rebellious nature led the Croods to finally leave the safety of their cave home in the first movie, *The Croods*. Ignoring the advice of her father, Eep left the cave to investigate a moving light, and met Guy. After becoming friends (and being captured by the Croods), Guy eventually joins Eep's family on their journey to find a new home.

GRUG

The well-meaning but extremely overprotective father of the Croods, Grug spent many years keeping his family safe by declaring that the world outside their cave was dangerous. He believes nothing should change, since most Neanderthals disappeared for doing things differently. After his daughter, Eep, meets Guy and starts to disobey him, Grug tries to keep them apart. His actions drive his family away, but by saving the Croods and Guy at the end of the first film and changing his ways, Grug is reunited with his family.

GUY

Guy is a Cro-Magnon, not a Neanderthal, and isn't as strong as the other Croods. He is creative, as shown by his different inventions and his ability to make fire. This wandering nomad is accompanied by Belt the sloth. Guy loves to explore and come up with new ideas, and while the Croods didn't originally trust him or his approach to life, by the end of the first movie, he was part of the fam.

GRAN

This old and ferocious cavewoman is the mother of Ugga and the grandmother of Eep, Thunk and Sandy. Gran also named the Crood's Macawnivore, 'Chunky'.

FACTS

BEGINNING OF TIME!

SANDY

The youngest of the Croods and the wild child, Sandy mostly bites and growls instead of speaking. She isn't known for being cute – constantly biting has that effect.

UGGA

The mother of the family, Uggla is as strong and determined as her husband, but after leaving the family cave, she adapted quickly and started thinking of ways to protect her children from new threats.

THUNK

Thunk wants to be a great hunter like his dad, but can barely hit a mammoth. The middle child of the family, Thunk usually follows any command, but is also a big scaredy cat. Thunk also has a pet crocopup called Douglas.

THE BETTERMANS

HOPE

Hope is aware of the many threats the modern world contains, and wants to protect her family. Hope thought there weren't any cavepeople left, and is surprised to meet the Croods. Going beyond the wall will mean changing her attitude and approach to survival.

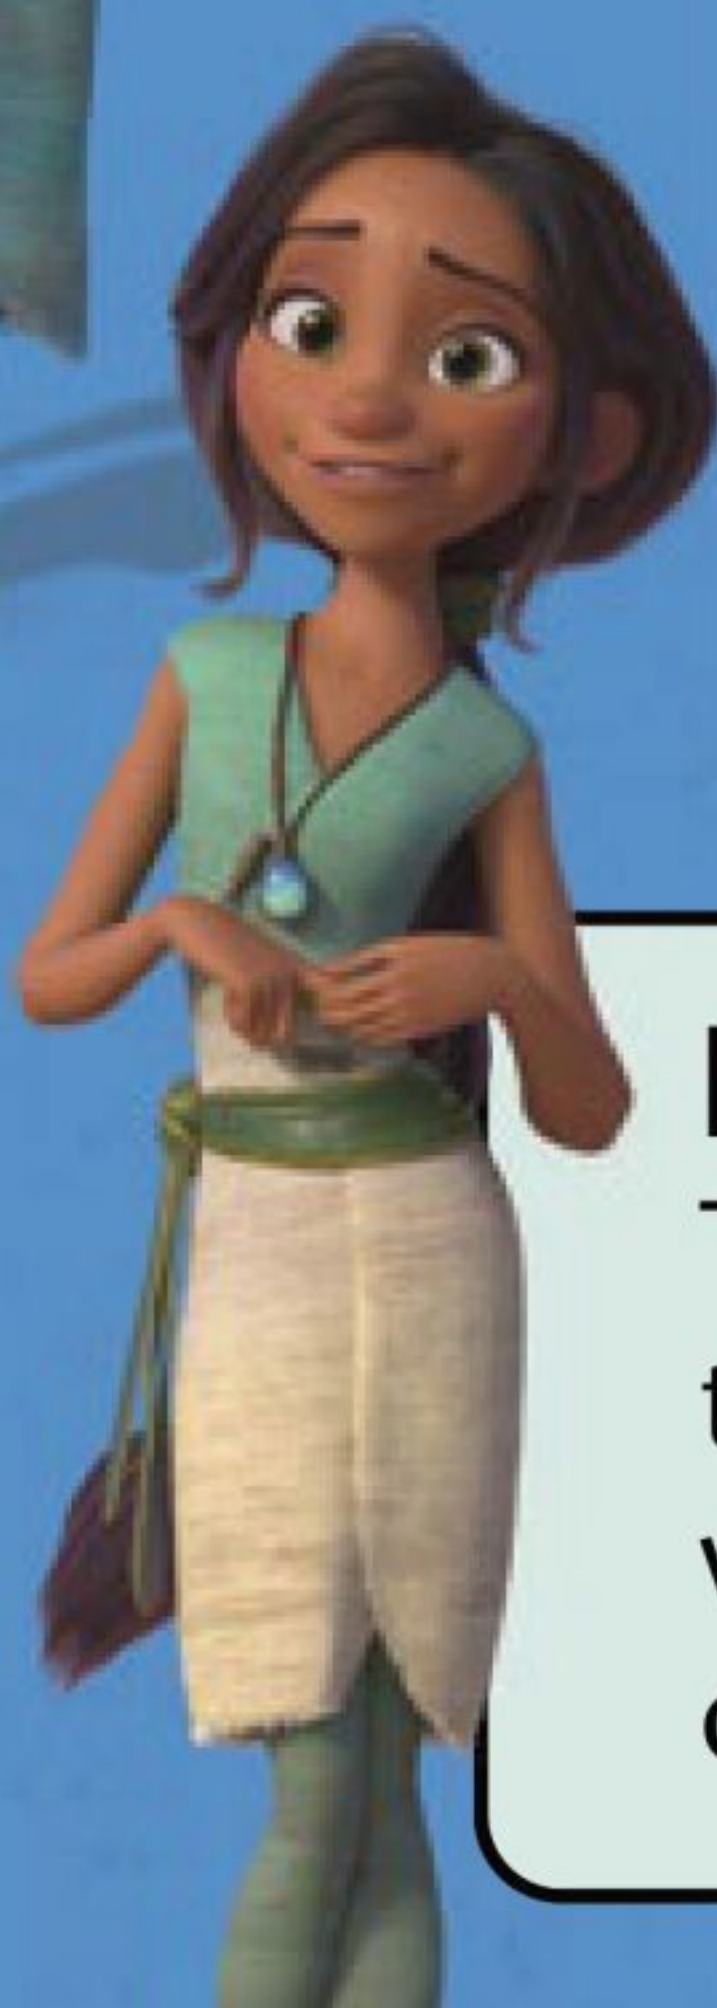

PHIL

Phil believes their farm is a better way to live, and isn't sure cavepeople can adapt to the modern world. Phil wants to make sure his wife and daughter live long, safe lives.

DAWN

The only daughter of Phil and Hope, Dawn has never left their farm. Dawn's pet sloth, Sash, usually hangs on her waist. She is excited to meet Eep and their shared curiosity draws them beyond the wall to explore the wider world.

The Croods: A New Age is in cinemas these summer holidays!

Being brave and the leader of the group!

THE SCENE THAT WAS THE MOST FUN TO SHOOT...

Was when I get turned into a mouse! It was my first time in a harness and they flew me up. On my first two takes, I just laughed – I couldn't keep a straight face. It was so fun and it was different!

IF I WAS A MOUSE...

I would be scared. I would not know what to do.

OCTAVIA SPENCER, WHO PLAYS GRANDMA, MADE ME FEEL LIKE...

I was really her grandson. She was very nice, sweet and funny. I loved working around her.

JAHZIR BRUNO
HERO BOY

MY FAVOURITE VISUAL EFFECT IS...

When Anne Hathaway spreads her mouth as the Grand High Witch and her mouth is just... urch. It's really cool and I enjoyed that!

WATCH THE MOVIE BECAUSE...

The ending is great. The movie is great and has a lot of cool people in it. You'll enjoy it!

OCTAVIA SPENCER
GRANDMA

REVEALED

ANNE HATHAWAY
GRAND HIGH WITCH

MY FAVOURITE SCENE TO PLAY IS VERY DIFFICULT TO CHOOSE BUT...

A couple of moments stand out to me. One was getting to make the Grand High Witch's entrance. Another was the scene with the soup. That was the first time that I got to act with Octavia. There were all kinds of practical movie effects. They attached wires to a table so that when I waved my hand, the table moved out of the way. It was very fun to get to do that and get lost in the illusion of it.

OUR GOAL IN TELLING THIS STORY...

Was to really empower kids to see that, yes, evil is scary, but it's ultimately really ridiculous. While it's dangerous, the best thing that you can do is stand up to it and laugh at it. So I wanted to be brazen in that performance and show kids that when nobody stands up to evil, it winds up taking over everything and people will be as bad as they can be. Bad people – or bad demons, I suppose in this case – will be as bad as they can be until someone has the courage to stand up to them.

WHEN I READ THE BOOK...

Roald Dahl had so much fun describing the way the Grand High Witch talks and really elongating syllables, with the rolled Rs and all of those things, so I've got to say that I feel like I was really inspired by the book.

WHEN I FIRST SAW THE DESIGN FOR MY CHARACTER...

I screamed when Bob (*The Witches* director Robert Zemeckis) showed me the picture. The first time that I saw myself in that, with the whole witch's grin, I screamed again. I knew it was coming and I still screamed. It's good, it's a scary look.

MOMENTS FROM MAKING THIS MOVIE THAT I WILL ALWAYS REMEMBER ARE...

Learning that Robert Zemeckis wanted to work with me; that was really special. Any time I did a scene with Stanley (who plays Mr. Stringer, the hotel manager) – we just kept giggling. The first time I was hoisted up in the harness and got to scream and spit at a room full of witches was pretty memorable!

MINECRAFT U

Microsoft and Mojang recently unearthed a mountain of *Minecraft* content.

► ULTIMATE MINECRAFTERS

It's time to dig back into *Super Smash Bros. Ultimate* on Switch, because *Minecraft* mates Steve and Alex are the latest DLC challengers to enter the arena! It might be *Smash*, but these brawlers have rad new abilities. Mine the level, craft weapons and create blocks for lofty blows.

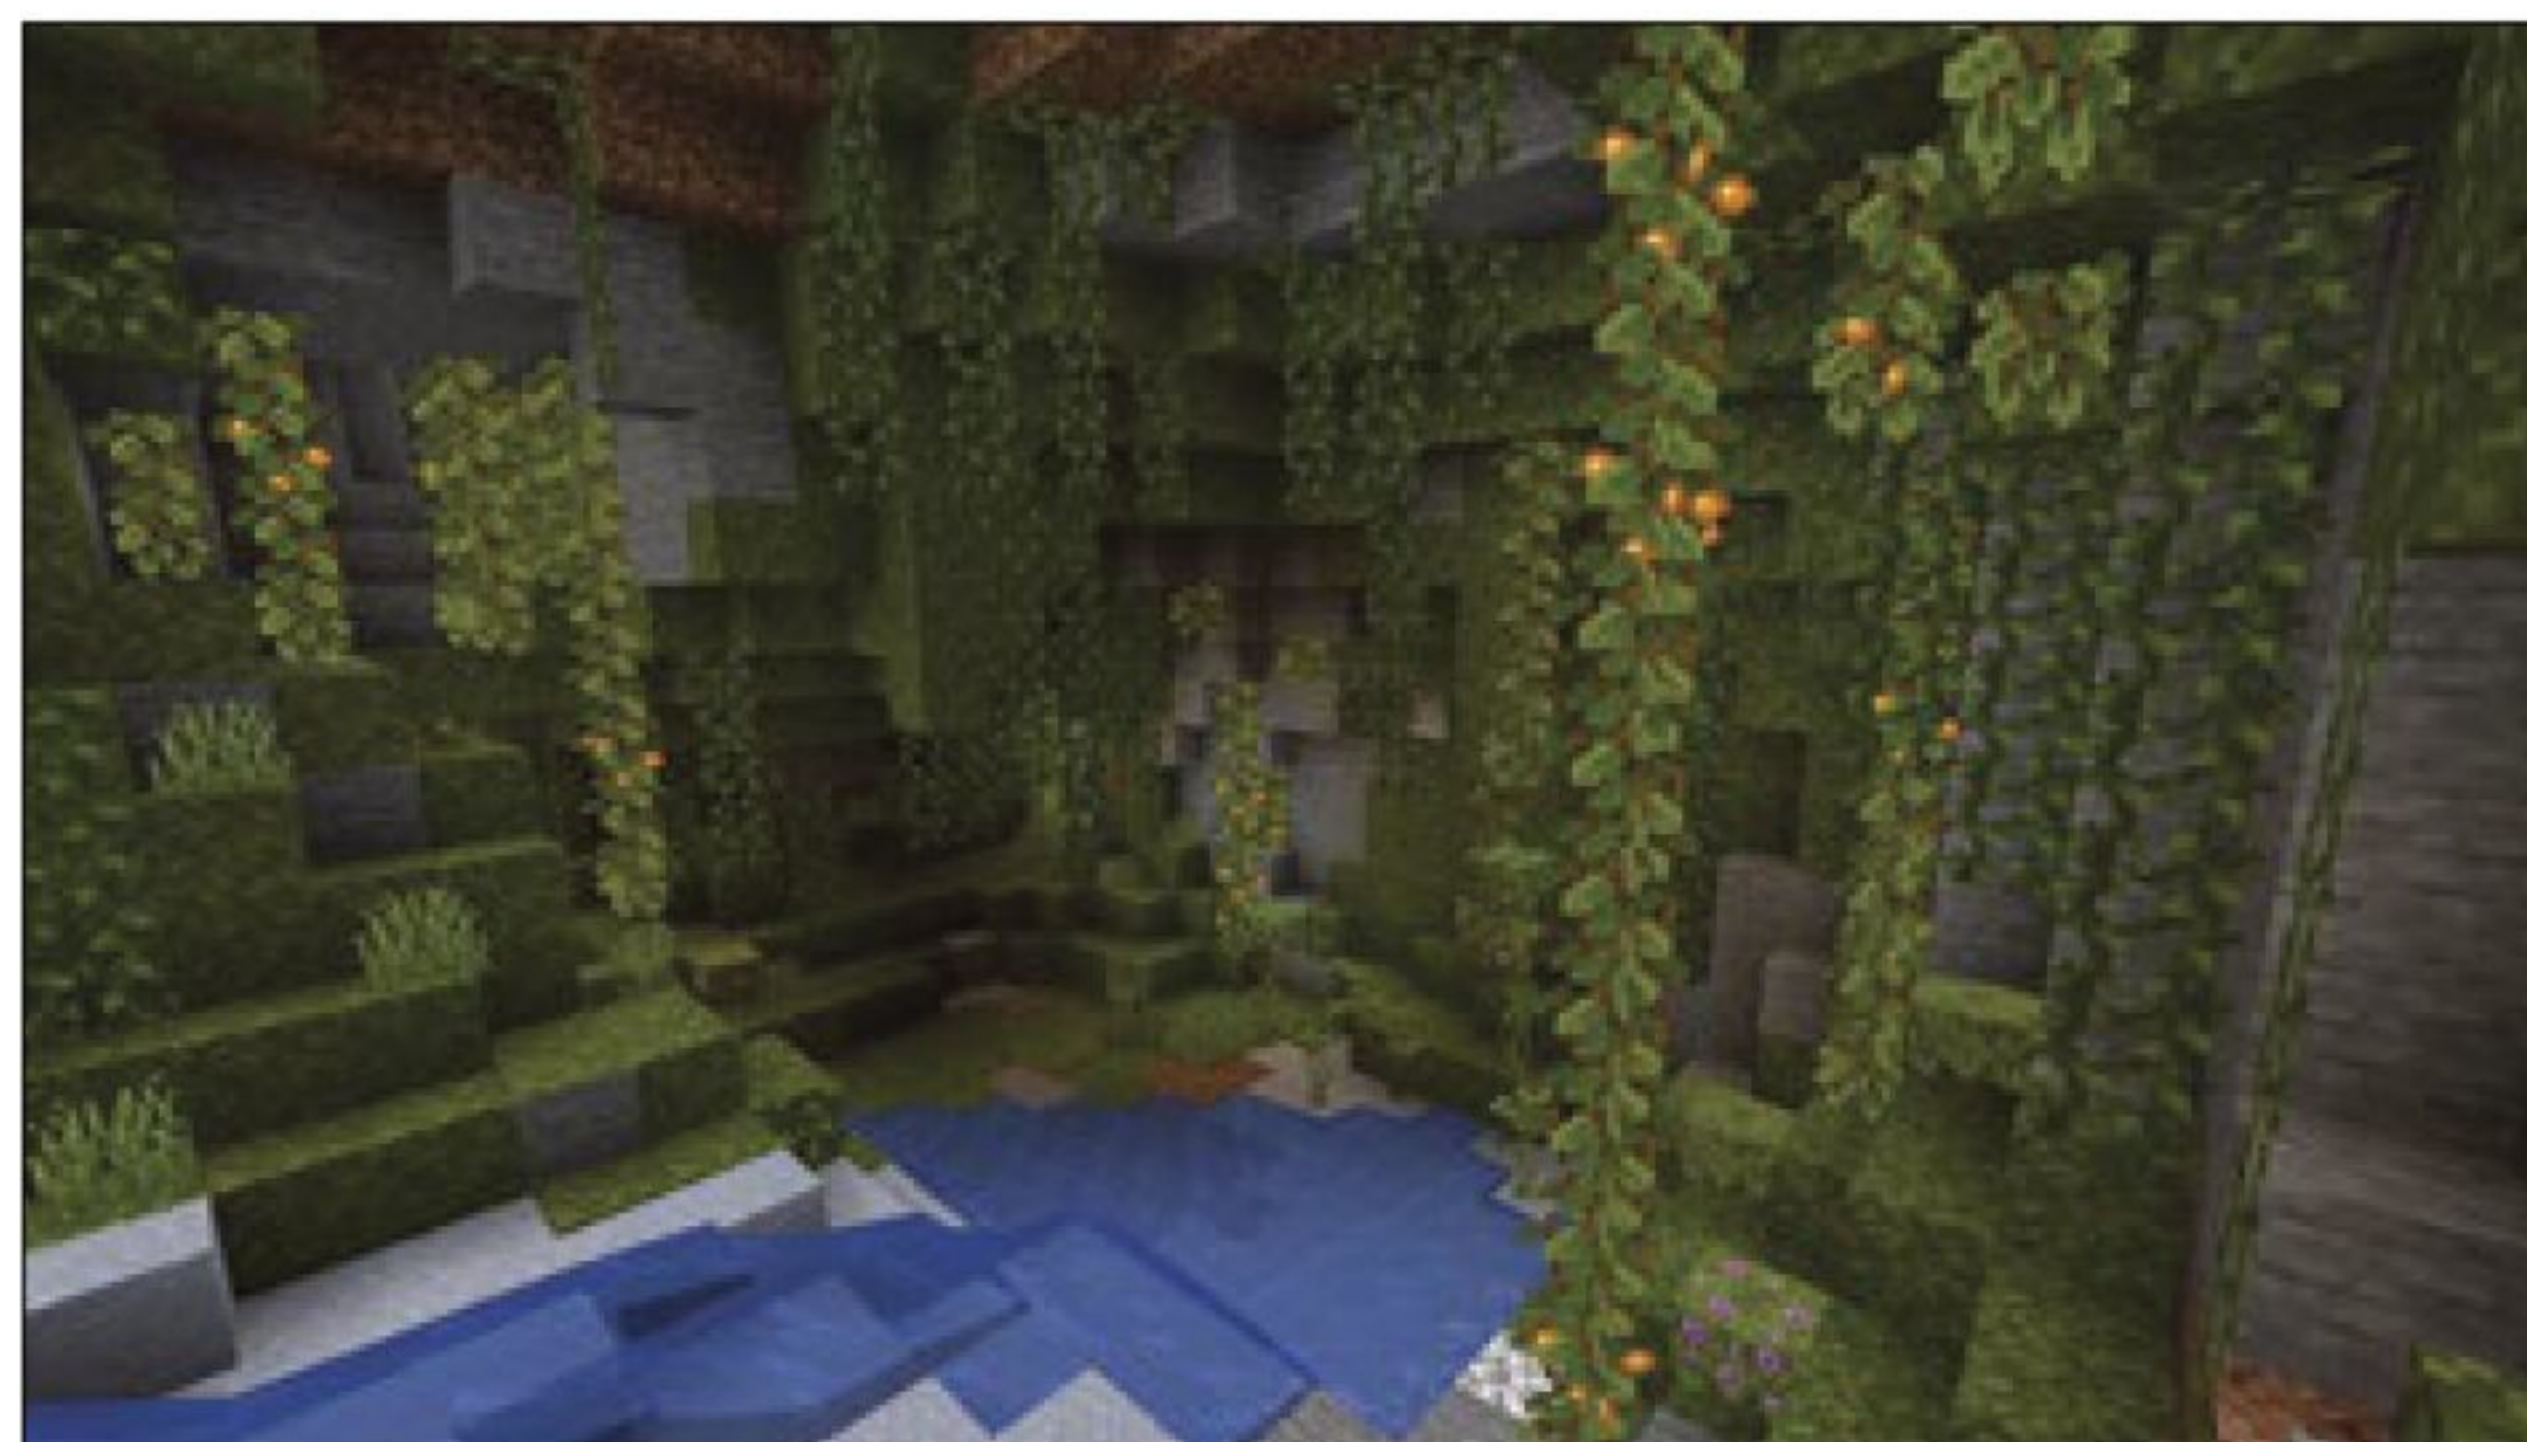

► DUNGEON PEAKS

Ready for a howlin' good time? Scream into the Howling Peaks DLC for *Minecraft Dungeons*! Brace yourself for big breaking winds from the Tempest Golem boss. In the free Apocalypse Plus DLC, you'll find 20 new difficulty levels, incred items and mystical enchantments. The Apocalypse Plus DLC also boosts max power!

► FAVE CAVES

The next main *Minecraft* update is so huge, there's an 'and' in the title. The Caves And Cliffs Update comes with corridor-stuffed Mesh Caves, candle-lit Deep Dark caves, rockin' Dripstone caves, and plant-packed Lush Caves. Fearless adventurers will have plenty of caverns to keep them busy. Check out the new archaeology system too!

► MONSTROUS MOBS

An update means cranky hostile mobs like the Warden. This 2021 mob senses sneaky skulkers with the accuracy of the (also new) Sculk Sensor. While on the cliffs, you will need to steer clear of Goats. They can headbutt hard and jump high!

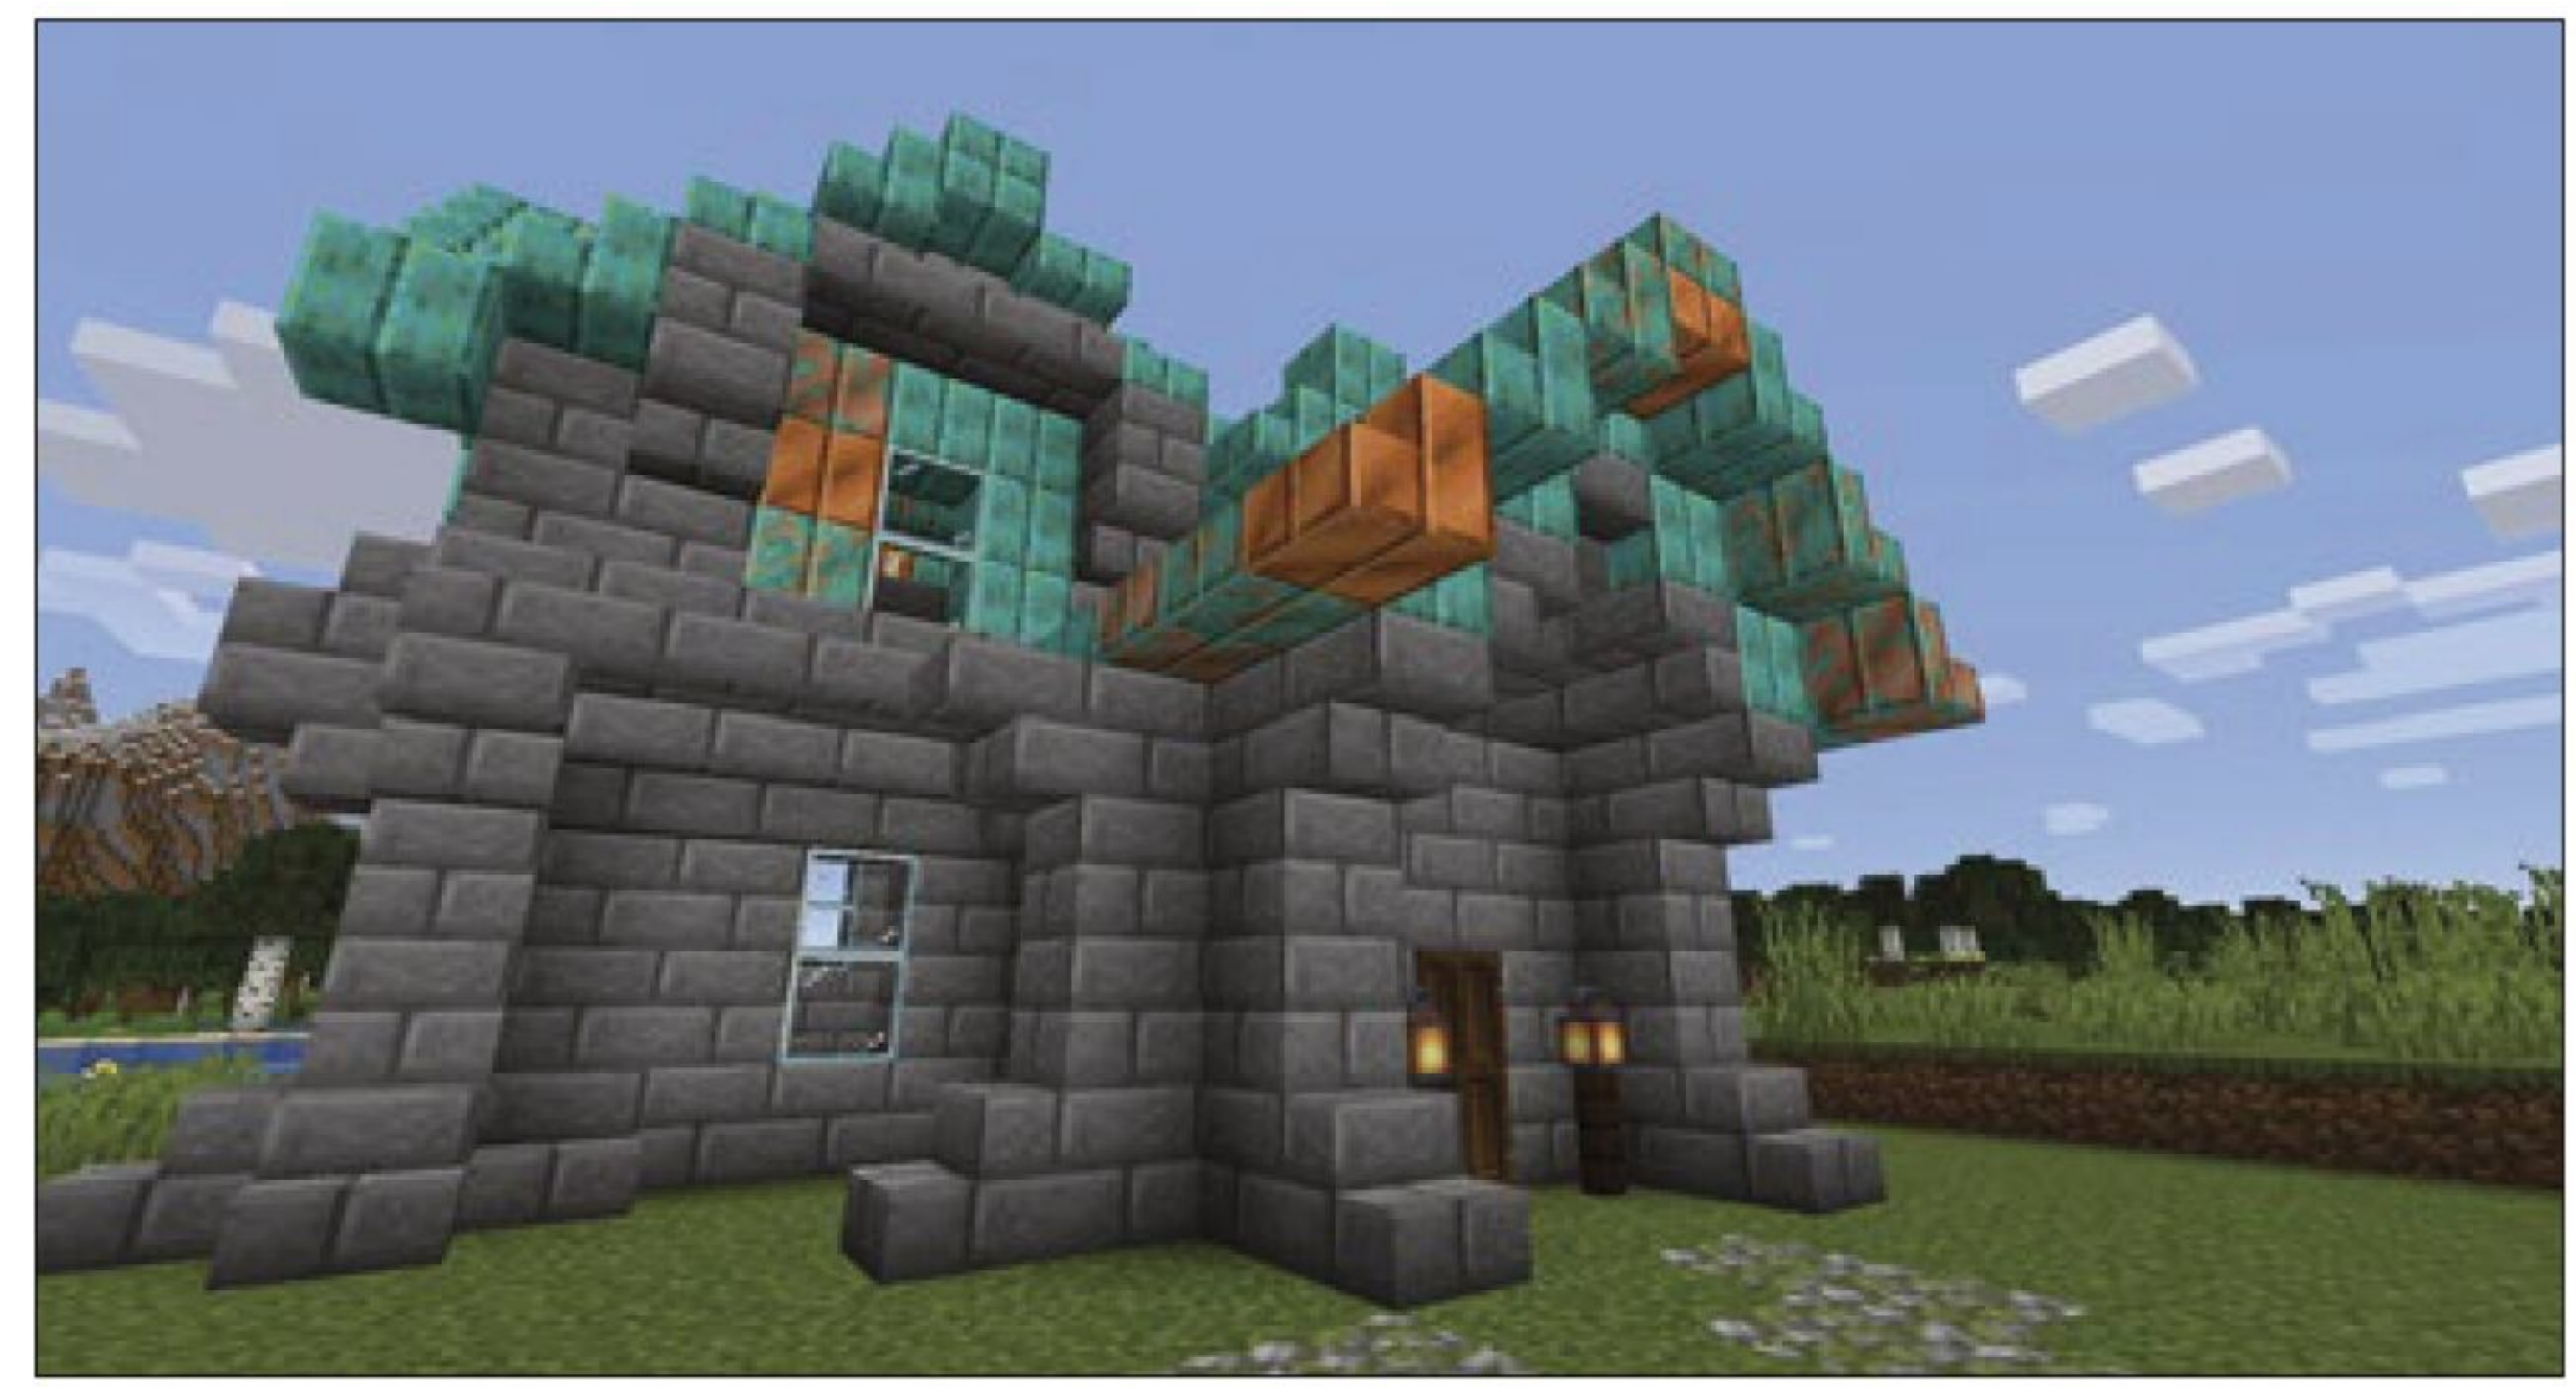

► AXOLOTL LOVE

The *Minecraft* Caves And Cliffs Update isn't all about the scary hostiles. You can descend into Lush Caves and exchange axes for the Axolotl – and lotsa LOLs. Use a water bucket to snag your own colourful Axolotl. Speaking of water, the Glow Squid has travelled across from *Minecraft Earth*. Dive deep to encounter these passive pals.

► COPPER TOPPER

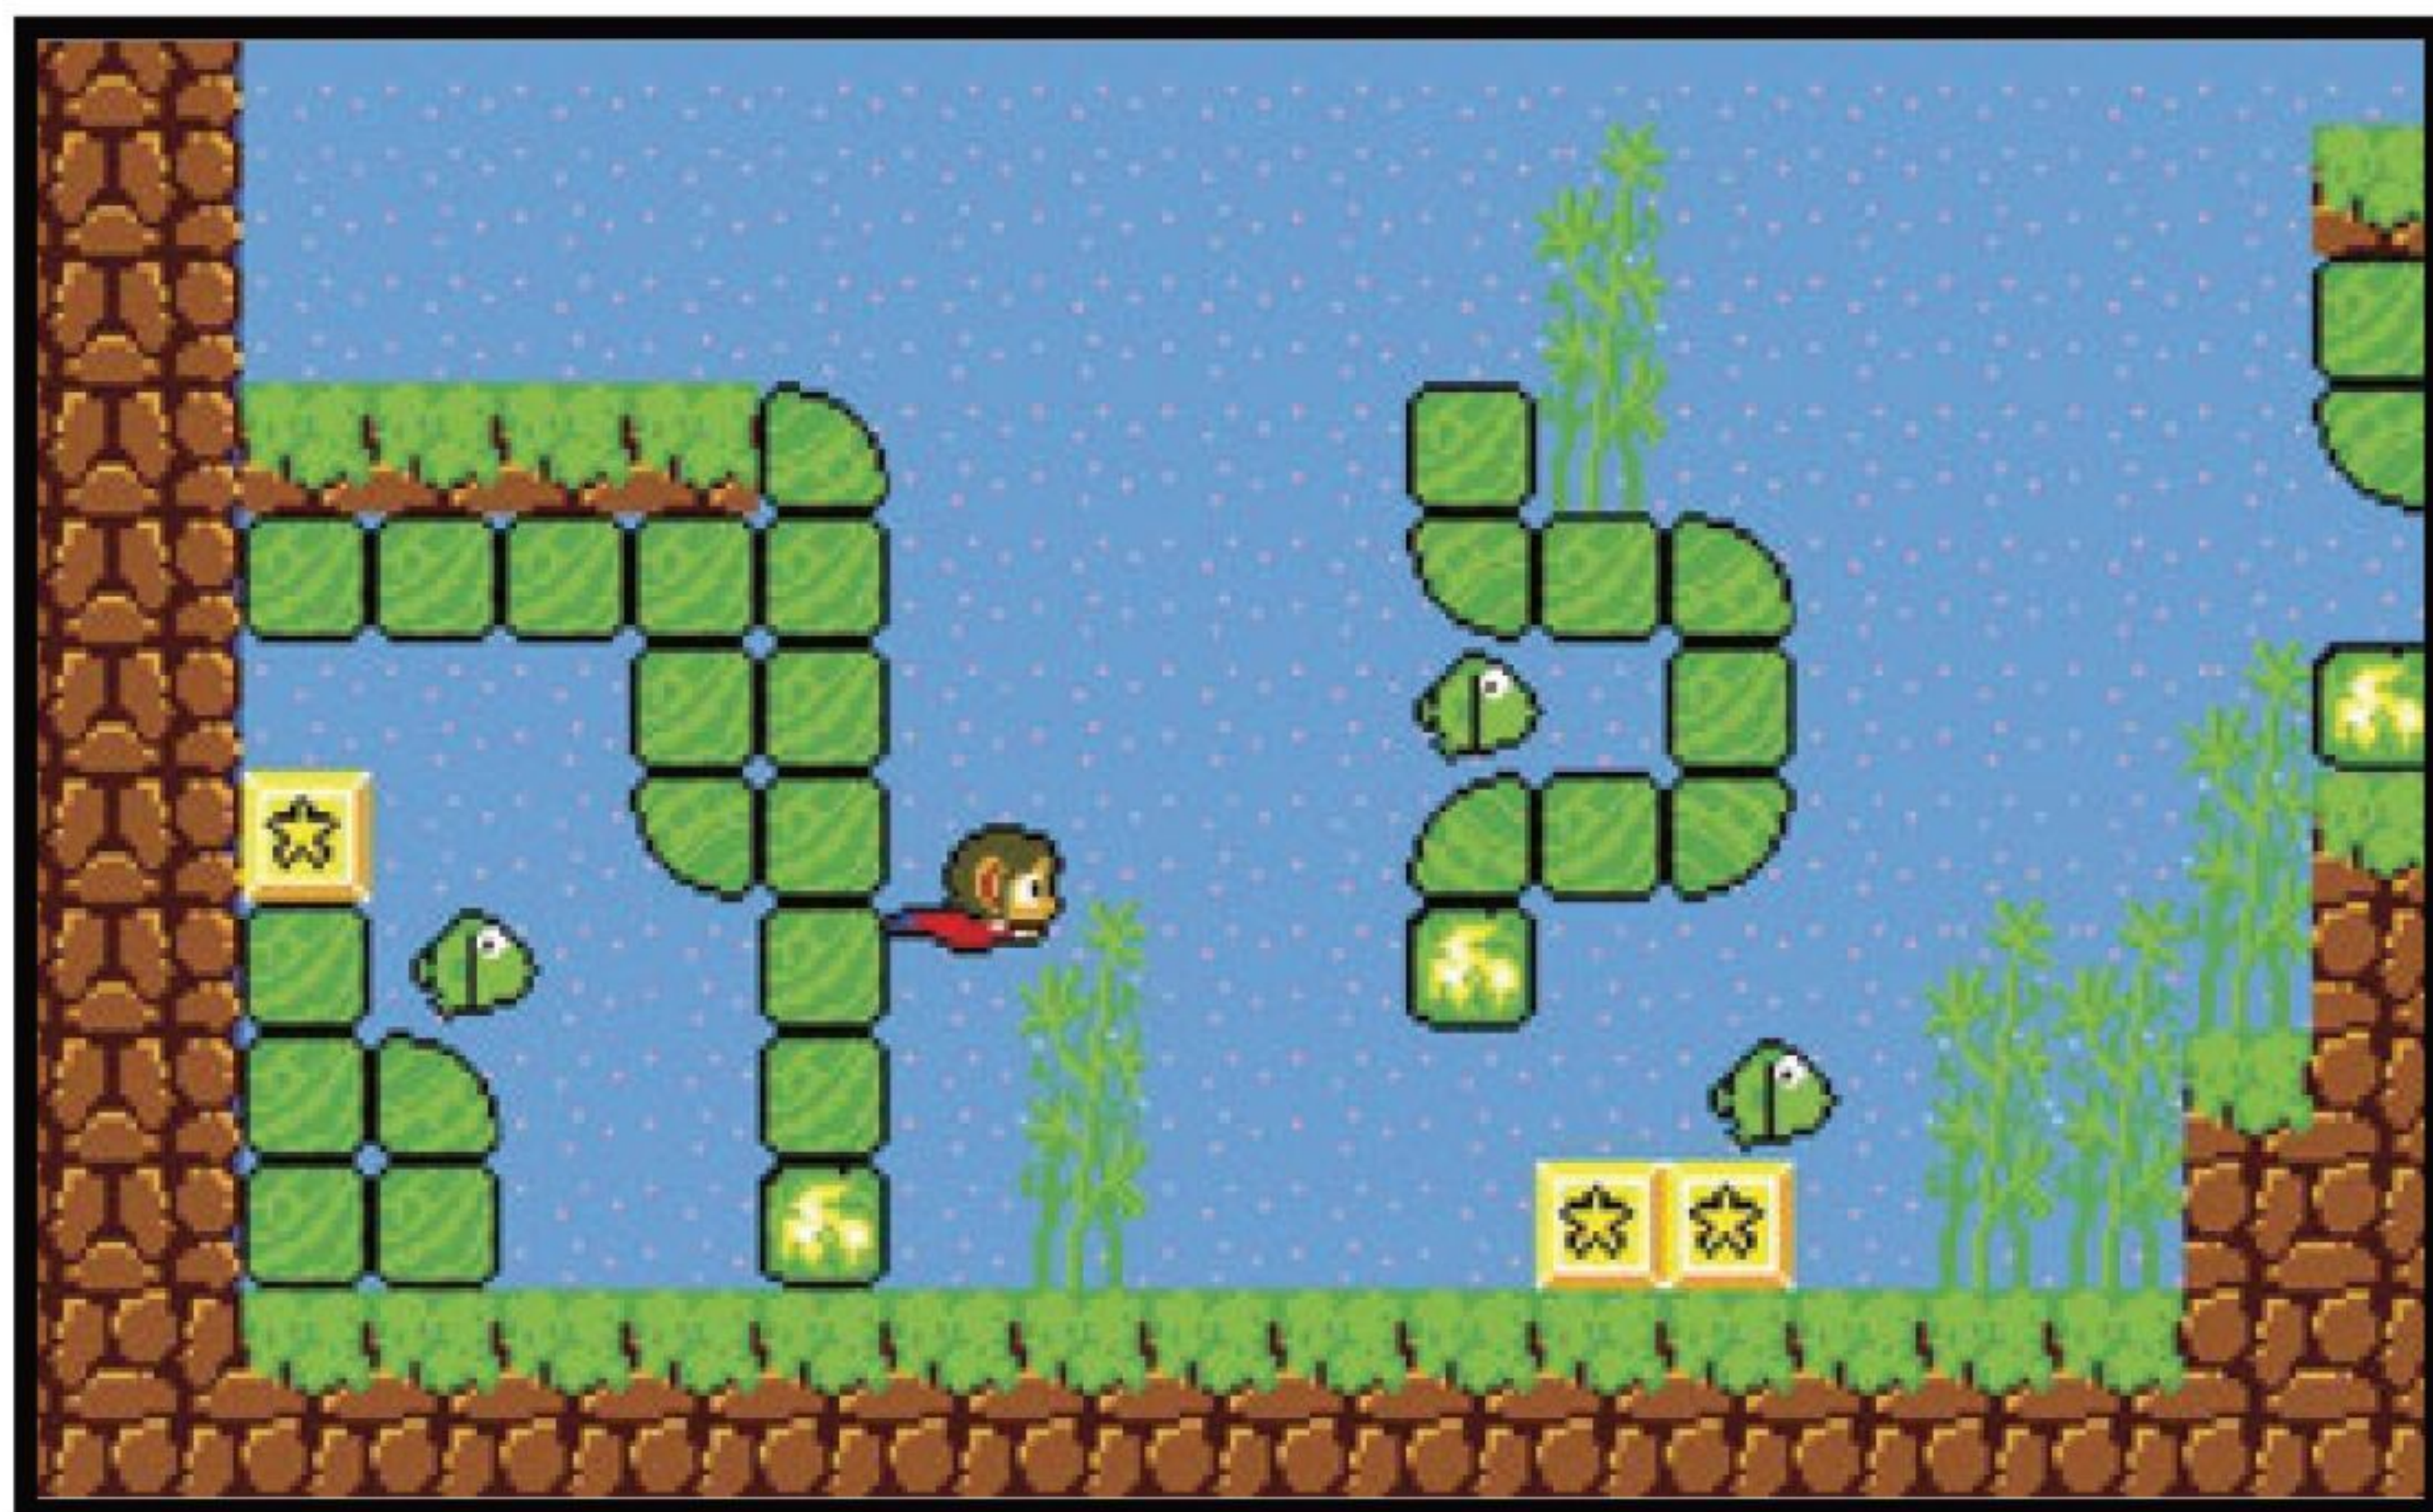

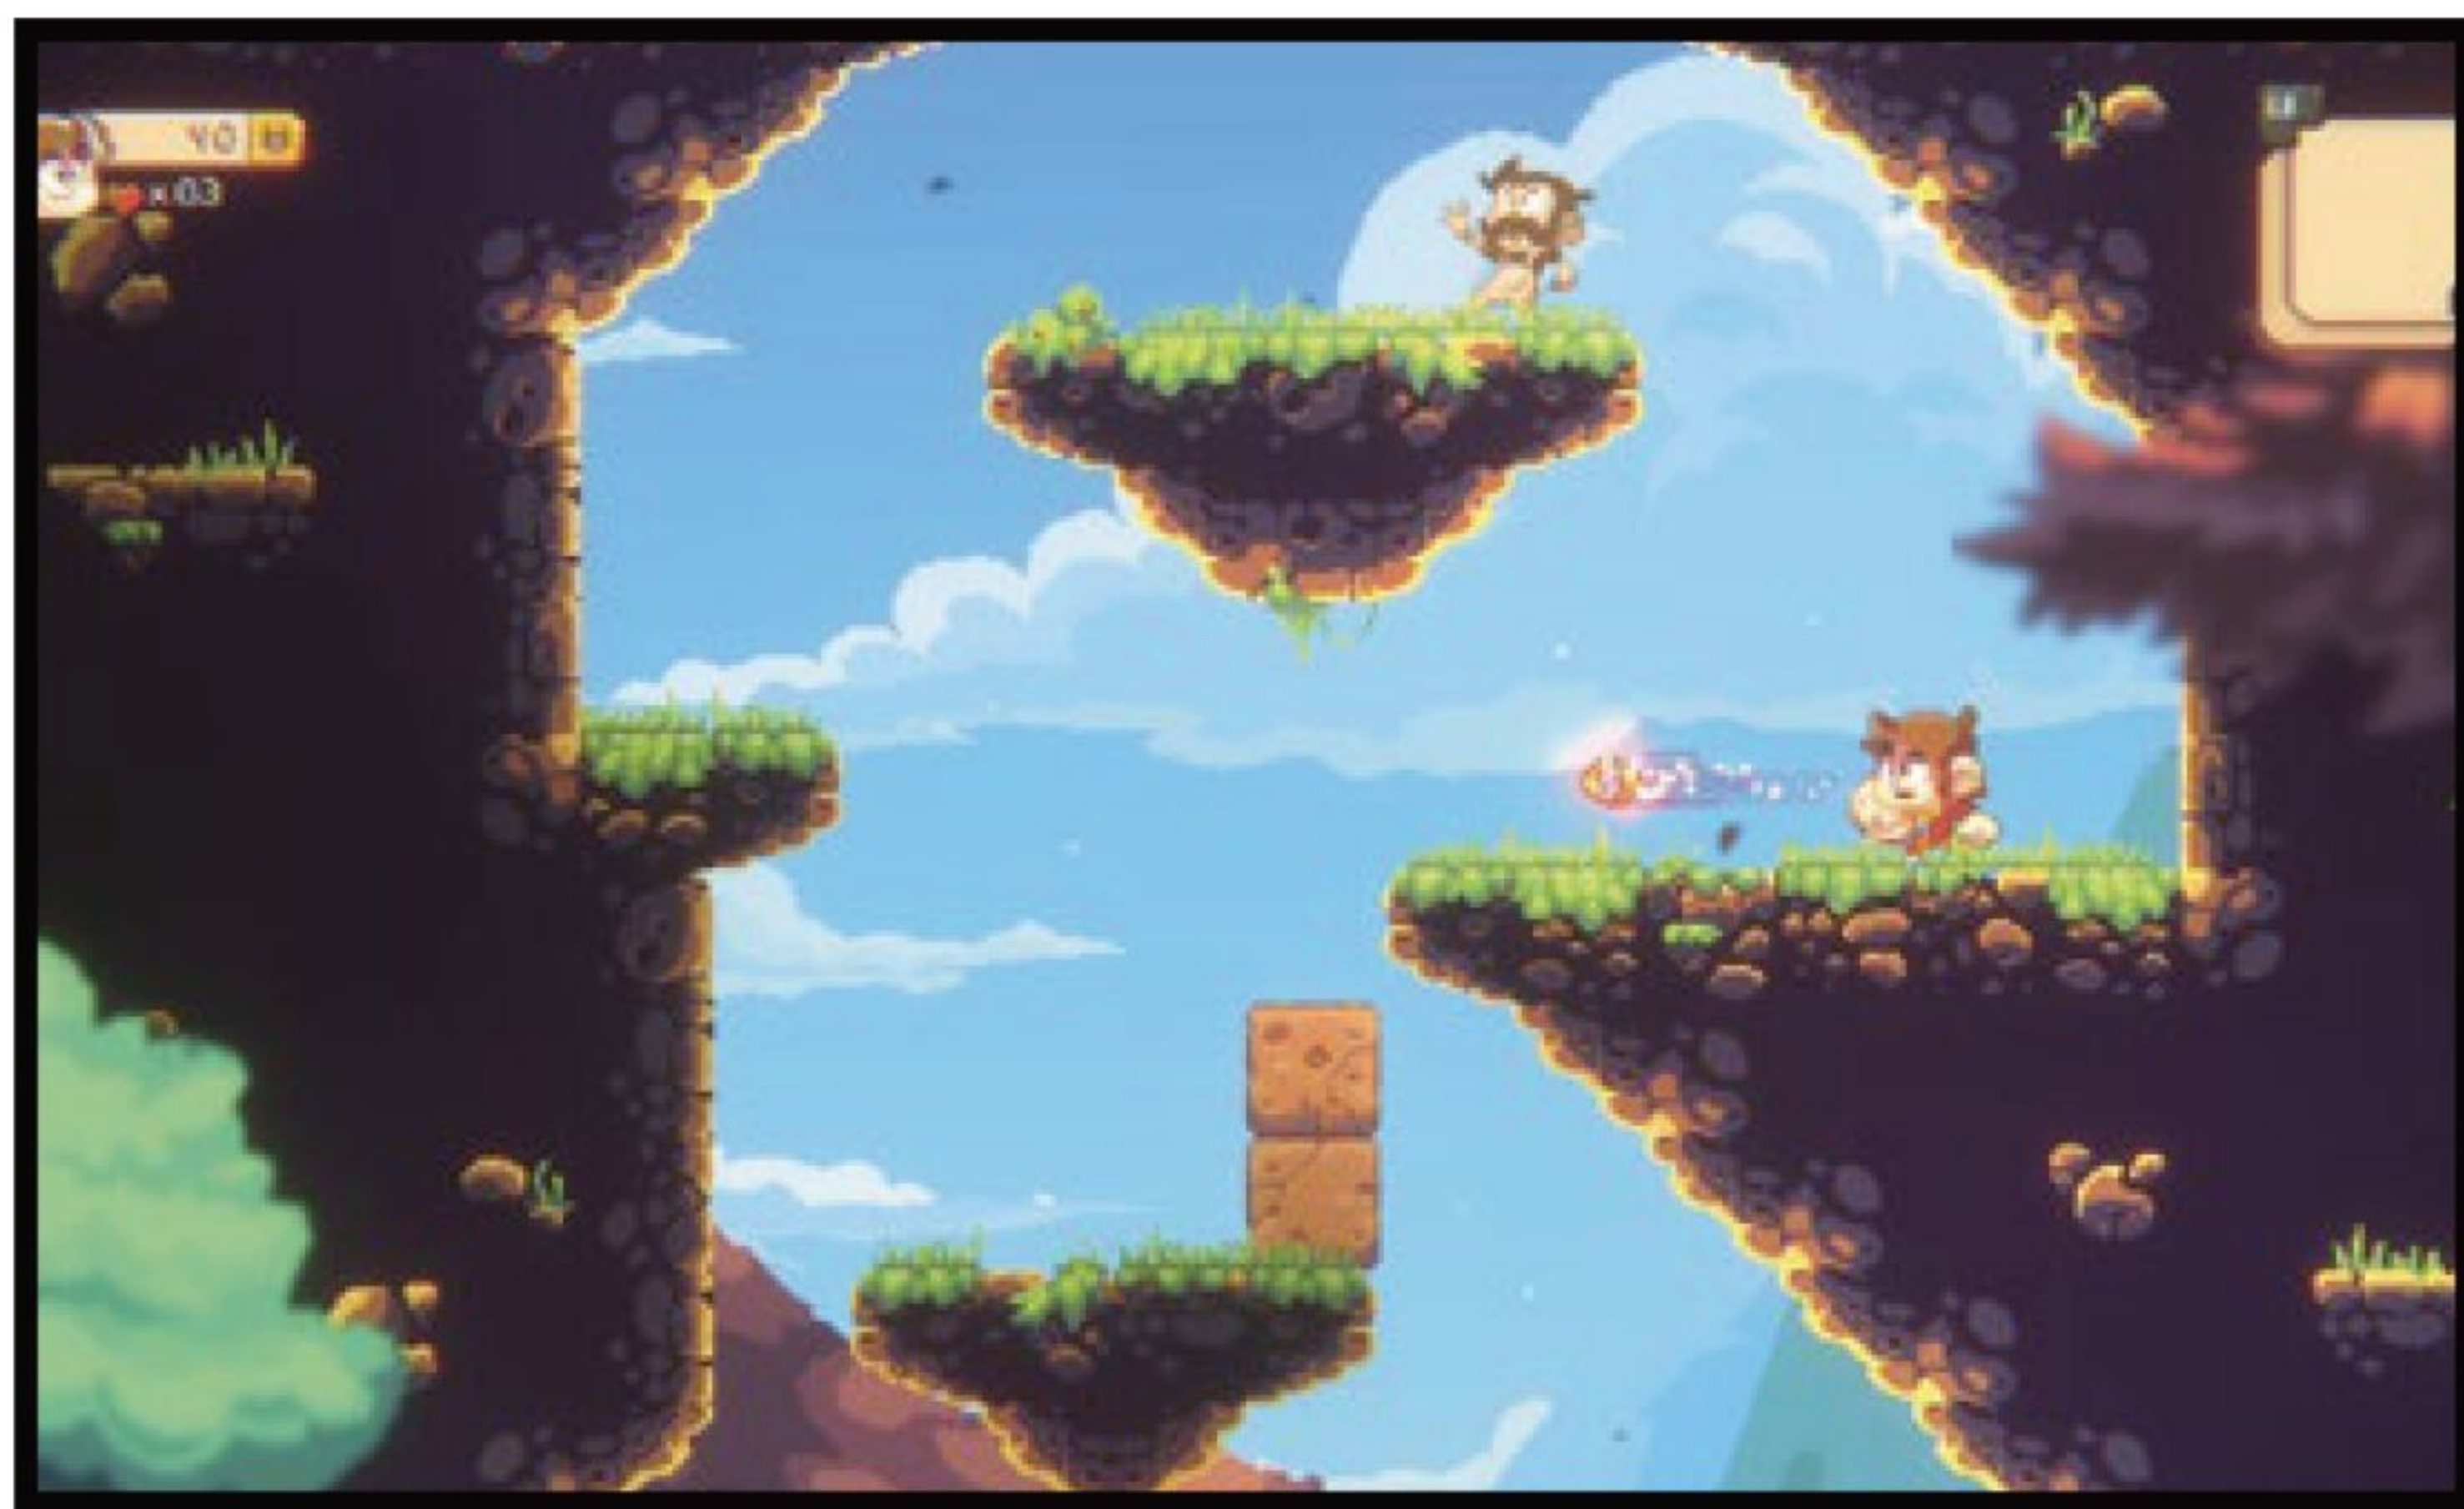

Copper can be mined and crafted with the Caves And Cliffs Update. Build a copper monument, then leave it 'til it turns green! IRL, copper exposed to the air undergoes a series of chemical reactions that gives the metal a pale green layer called a 'patina'. In-game, try copper-crafted Lightning Rods to catch bolts!

ALEX KIDD IN MIRACLE WORLD DX

It's a miracle! Someone has finally decided to remake the totally classic *Alex Kidd in Miracle World*! We can't believe it has taken this long!

It's remake time, K-Zoners. You know the deal. Take the classic cartridge, slap on modern designs, and now it's ready for a new mob of kids to enjoy! We ain't kidding when we say we're seriously excited for *Alex Kidd in Miracle World DX*. Blast through a world stuffed with peak platforming and brawling bosses. Wanna go old-school? Blast from the past with retro mode. Alex Kidd really packs a punch – with his superpowered Power Bracelet, our hero can smash everything. Make foes disappear in a puff of POW smoke. Shatter rocks and send 'em to a gravelly grave with a few shockingly powerful shockwaves. Plus, nab mountains of gold coins. Why? To buy the raddest of rides, natch. You could try a rock-smashing motorbike, a battle-ready boat, or a pedal-powered chopper. *Alex Kidd in Miracle World DX* isn't just a basic remake, either. There are stacks of new modes, levels, vehicles and monsters to raise the stakes in your gameplay experience!

PRO TIP!

There's a sneaky training mode in the menu, and you can visit it whenever you unlock a new Kirby. On the main screen, don't wait to shift down to the barbell weight icon. KIRBY FIGHTERS 2

How many Kirbys does it take to fill *Kirby Fighters 2*? It's time to find out by fighting it out! This is a brawler that we reckon everyone will enjoy – we sure did!

Kirby is one of the bros who ultimately smashes in *Super Smash Bros Ultimate*. Now, there's a brotherly spin-off with *Kirby Fighters 2*. The game plays a lot like *Smash*, but this brawler is all about finding the ultimate Kirby. There are going to be a lot of Kirbys on screen at once, so brace yourself! Now, you might be wondering, 'How do I tell Kirbys apart?' Great question, really excellent stuff (A+ for you). The pink puffs are defined by their Copy Abilities. For example, there's the tricky Yo-Yo Kirby, and the keen-eyed Archer Kirby. You don't have to brawl for long before you can score the new Wrestler Kirby. Unlock all the Kirbys just by being the best brawler, and scoring fighter points. We love how easy *Kirby Fighters 2* is to pick up and play. Tell your mates, coz you can play the tower-scaling Story Mode in co-op with a buddy, or try blistering bouts in Battle Mode. Been ghosted in multi? You can land a hit on a Kirby to respawn!

DIRT 5

Your off-road ride will get so dirty in *Dirt 5* that the devs should probably think about releasing car wash-themed DLC!

The devs have made *Dirt 5* feel like playing with Hot Wheels outside, but bigger! No need to make car noises with your mouth here. Just jump in and tear up stacks of off-road routes. All the essentials are here to keep you on track, like a fleet of rides, an epic soundtrack and practically unlimited courses that are packed with plenty of full-throttle fun. Speed through the straights, skid around corners and brake so fast that there's no time for skid marks. Give yourself a rally as you rallycross race across the many hot and icy tracks from across the planet. Those dynamic weather options and stick-shifting seasons raise new racing risks. You know how songs get stuck in your noggin? *Kingdom Hearts: Melody of Memory* has 140+ catchy tunes to whistle to and waltz through!

Get down with the neat beat that will make you want to repeat the melodic game from the comfort of your seat. *Kingdom Hearts: Melody of Memory* has the heart of a classic *Kingdom Hearts* game, and stuffs in plenty of toe-tapping tunes. However, it's less about toe-tapping and more about thumb-tapping gameplay. Test your reactions as you bop along to stacks of fan-fave *Kingdom Hearts* tracks. Wherever you go in the game, the groove goes with you. Tapping in time in order to battle a highway of baddies makes for furious fun. One bad guy in your road? EZ! Two? OK, that's a bit trickier on the timing. Got a stack of foes in multiple rows? Now things are heating up. Many games need one controller per player, but not *Just Dance 2021*! You just need a few smartphones to start your dance party with up to six peeps. All you need is the Just Controller app for Android or iOS, and you're ready to go!

JUST DANCE 2021

This may be the only game whose name tells you exactly how to play, so prep those twinkle toes and get ready to just dance!

Start preparing for 2021 by busting out masterful moves with incredible precision – or with terrible precision! Honestly, you do you. Your dancing style will work just fine, because *Just Dance 2021* is fully fun, no matter what. Crank up the volume as you groove to 40 chart-topping hits, and bust out a few show-stopping moves. We also love to lunge and flail (uhh, gracefully) in the cool co-op mode. Follow these charming chants if you want to enhance your groovy moves. First, you need to pop a wide stance. Next, grab a buddy (or five) for the all-important bants. Choose a good tune and then it's time to advance! Screen glance before you start to try a proper prance. Take every chance to expand your score 'til the number is higher than the highest note. Get your lips la-la-ing as you sing along, and go totally bananas to all of the boogie-inducing beats. Finally, and most importantly, just dance!

SUPER MARIO 64

► UNLIMITED LIVES

Head to the waterfall near the castle. Climb the third tree from the waterfall. Do a handstand at the tippy top to nab a 1-Up Mushroom. Head inside to the castle's first floor. Go back to the same tree and repeat this for even more lives.

SUPER MARIO 3D ALL-STAR

► TRIPLE JUMPER

Want an upgraded triple jump move that will make Mario invincible in the third leap? Nab 120 stars. Head outside the castle. Hop in the cannon that appears near the castle's fishpond. Aim above the roof to launch Mario up there, and speak with Yoshi in order to nab 100 lives, as well as the upgraded triple jump.

TARS TRICKS

to make you the true star of the show!

SUPER MARIO SUNSHINE

► YOSHI YAYS

Score 25 Shine Sprites in *Super Mario Sunshine*, and then head to Pinna Park to complete the story. At the end, you should be back in town. Now, Fake Mario will turn up with an egg (very casual), so you need to go ahead and chase him down to score a rideable Yoshi!

Yoshi can eat fruit and spit out juice to fell threatening foes you might find, and he also helps Mario to jump higher. Thanks Yoshi!

► EZ 1-UPS

Every time you beat a level, head over to the water where the boats come and go. Dive to the bottom to find a 1-Up. Whenever you start a level or finish one, that 1-Up will be there. Grab it every time to stay stocked up on lives!

SUPER MARIO GALAXY

► LUIGI SUNSHINE

Super Mario Galaxy is a Mario adventure, but you can play as Luigi. First, nab all 120 Stars. Visit Rosalina on the Comet Observatory. Tell her you want to battle against Bowser again. Beat Bowser to unlock a different ending. After the credits roll, you can play as Luigi! Mario's green-themed bro can sprint even faster and also jumps much higher.

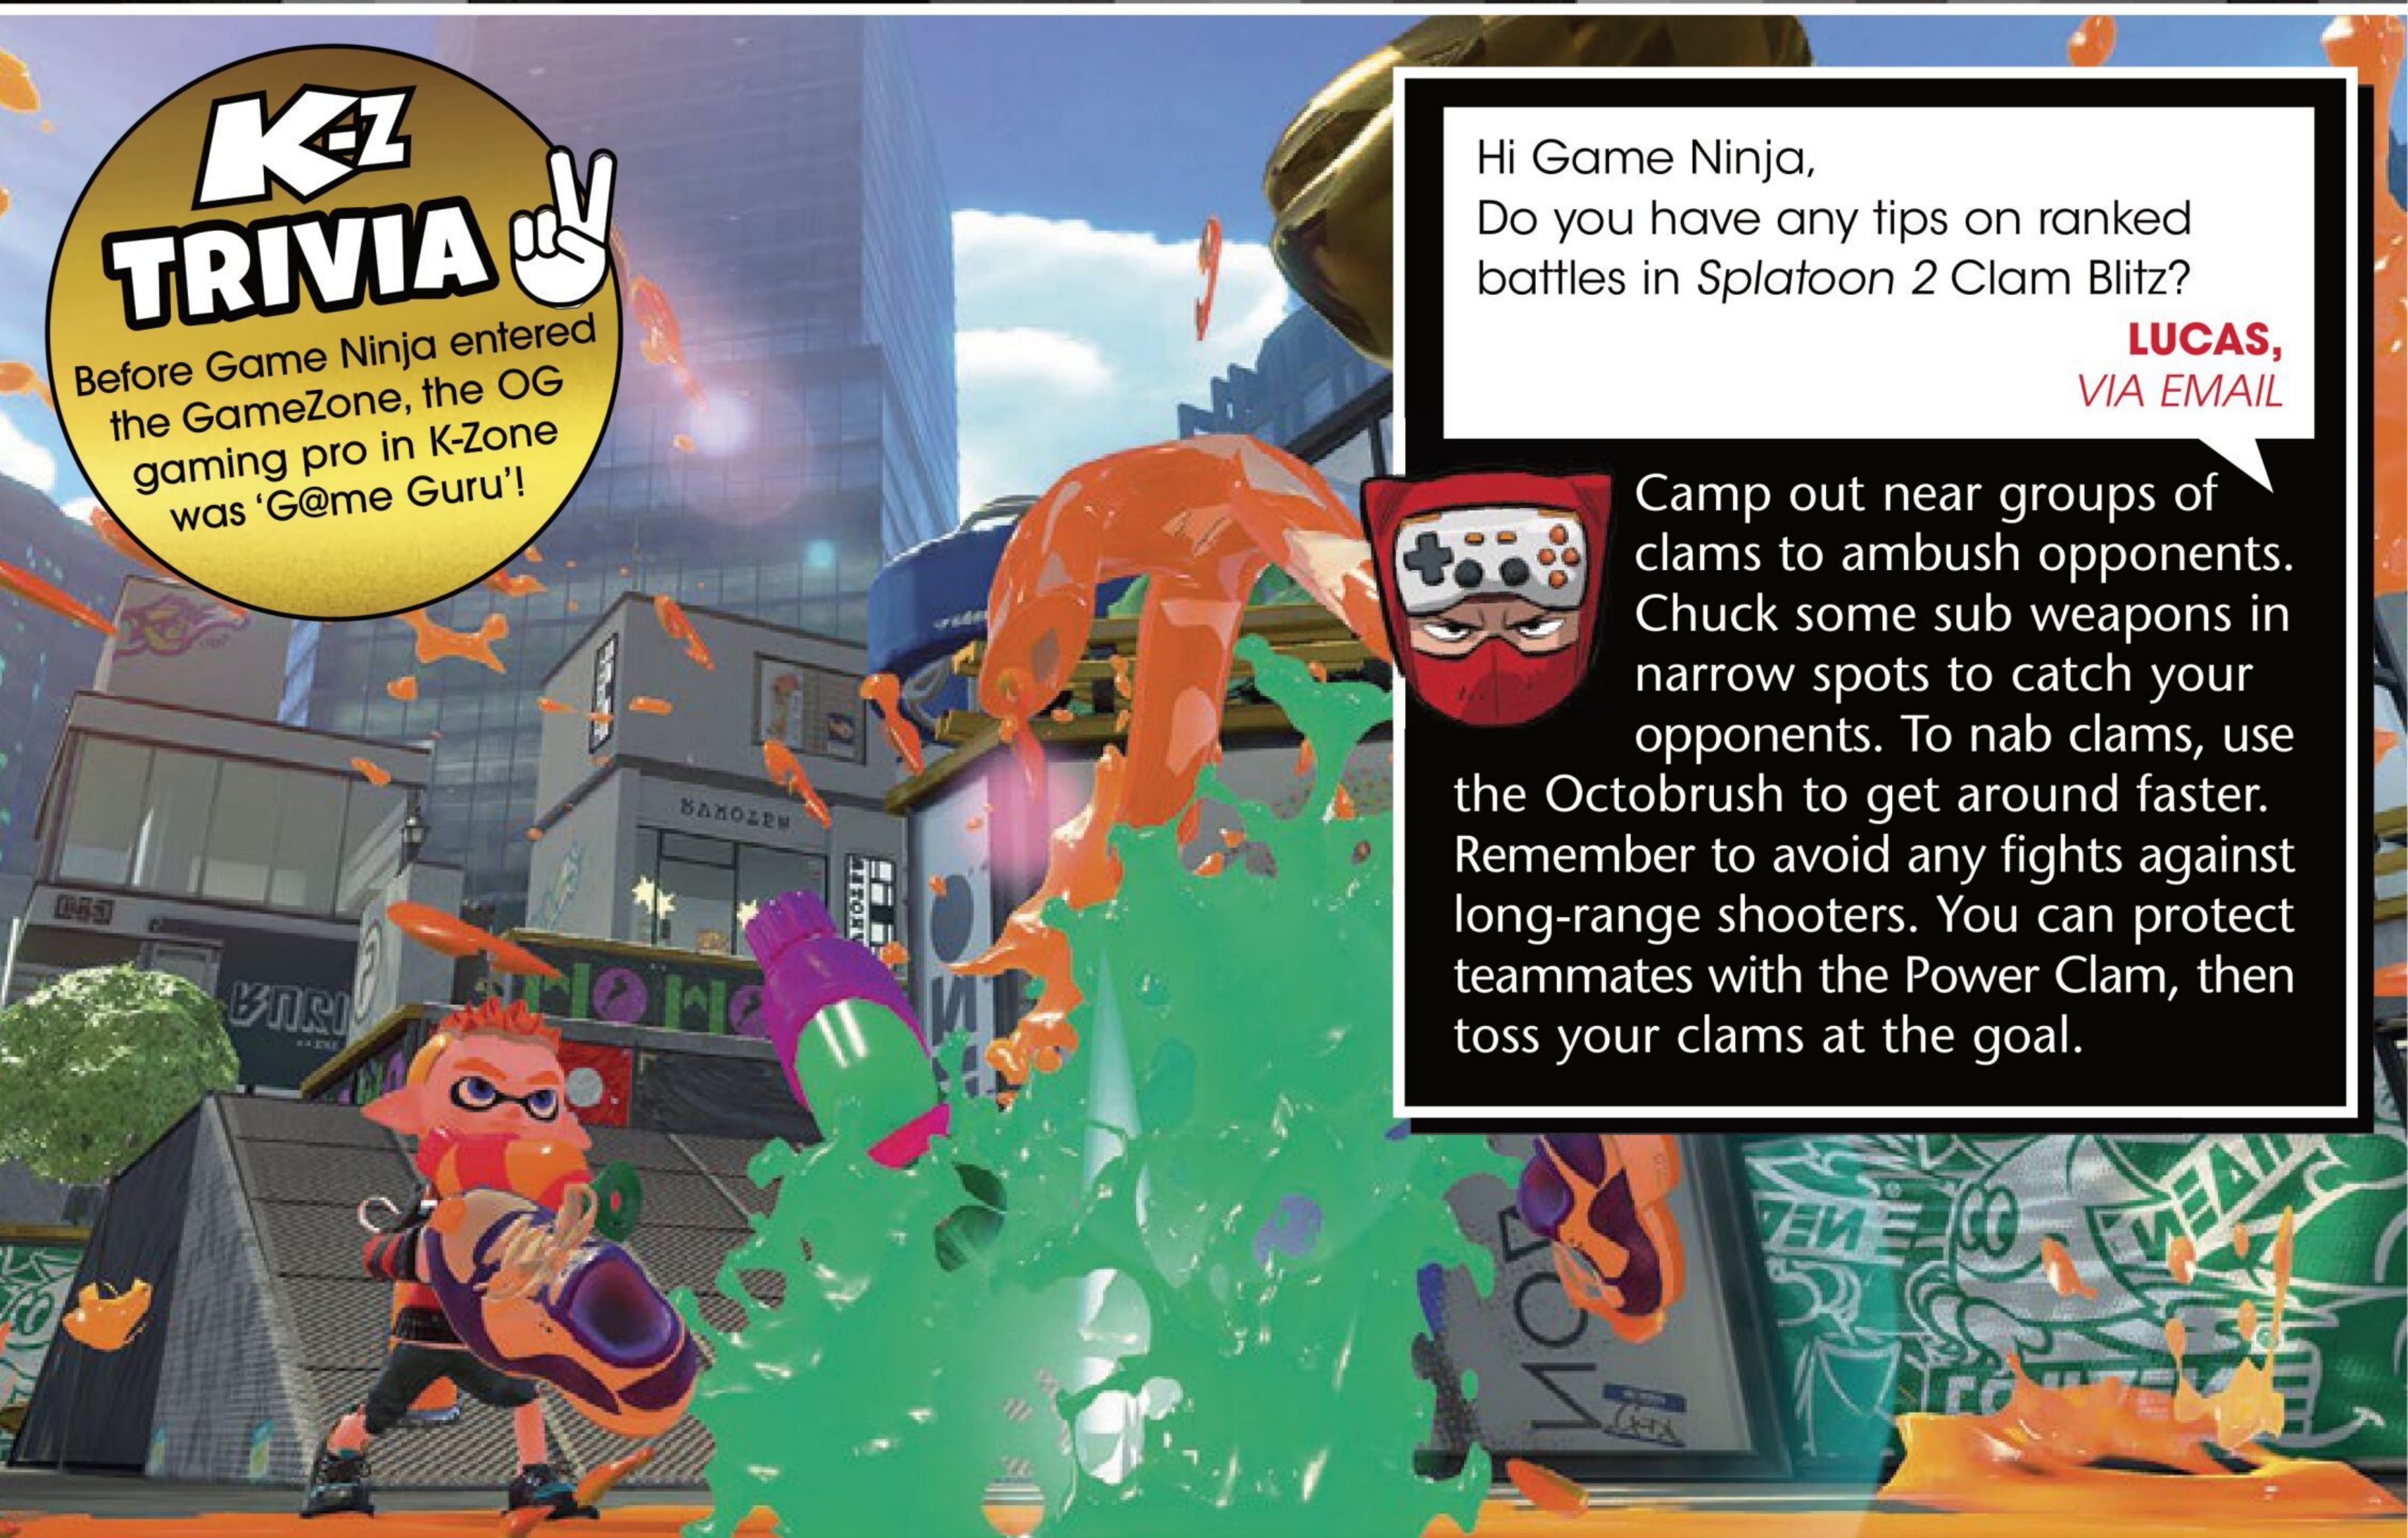

► SUPER STAR

The Red Luma above the Bedroom Dome has a secret. First, sniff out the 100 purple coins. Nabbed all of them? Return to the Red Luma to score a red star that lets you fly after a midair spin. These red stars will now appear around the Comet Observatory for further flying fun! Enjoy living like a shooting star!

K-Z TRIVIA 

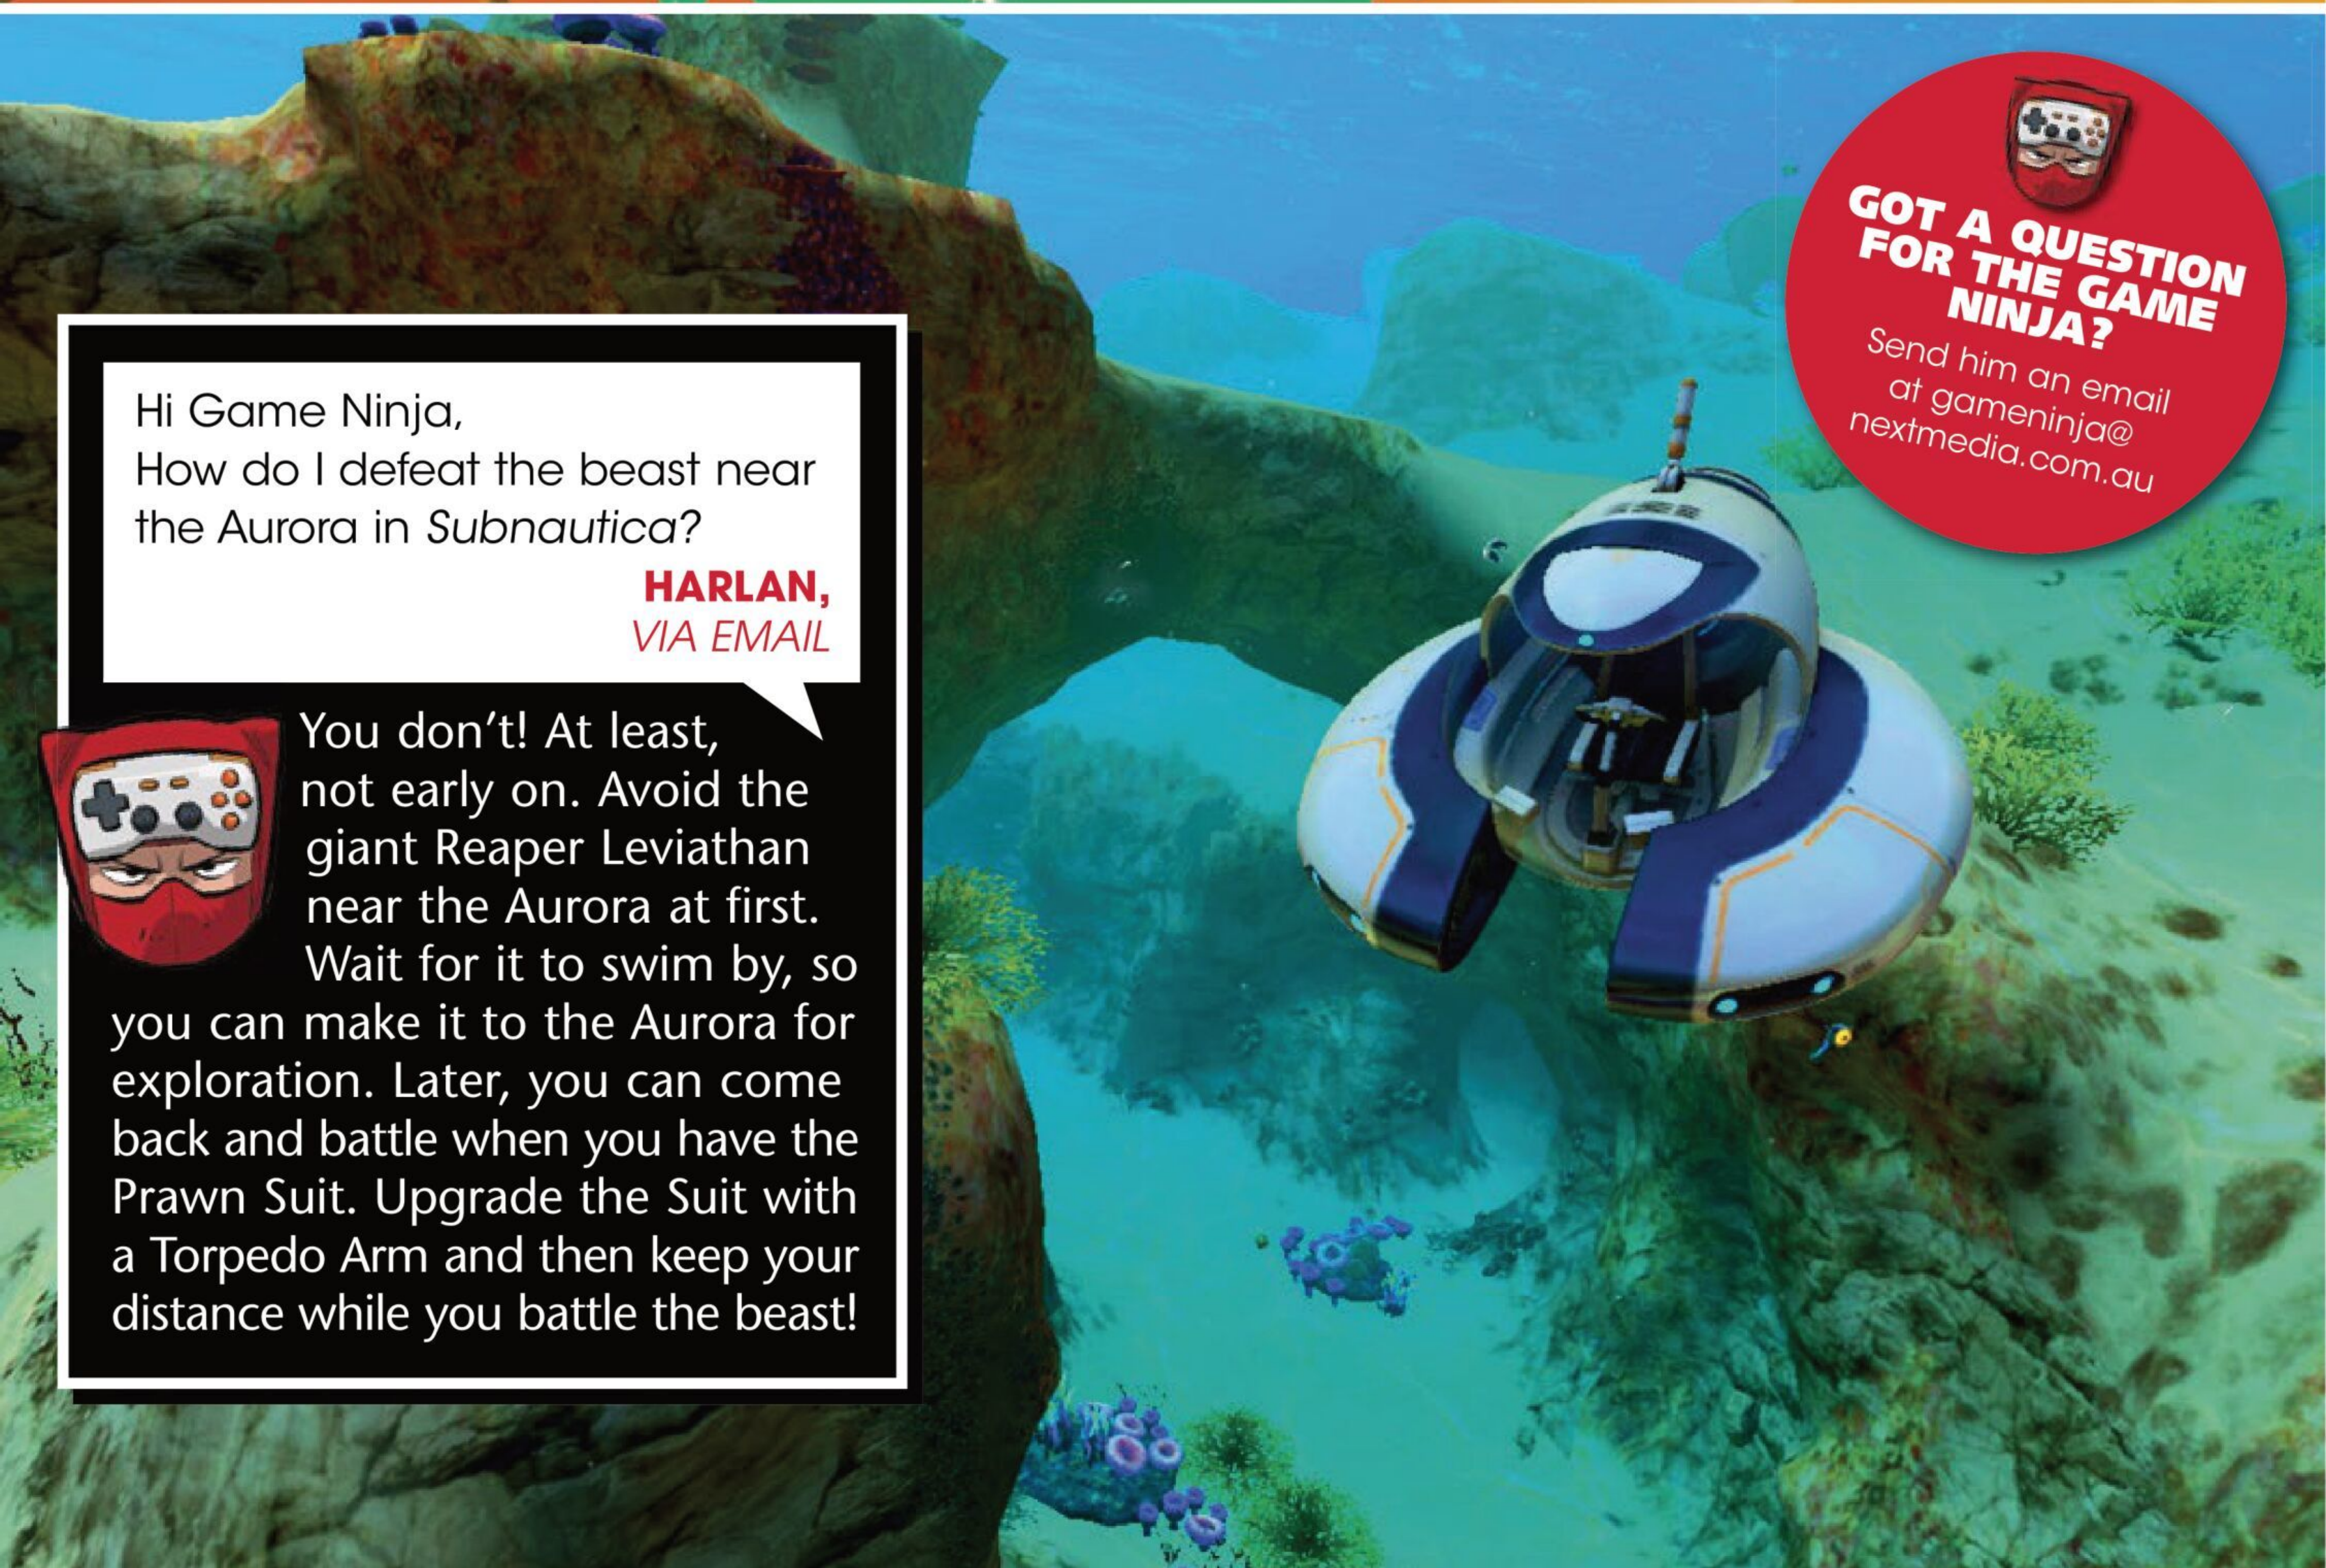

Before Game Ninja entered the GameZone, the OG gaming pro in K-Zone was 'G@me Guru'!

Hi Game Ninja,
Do you have any tips on ranked battles in Splatoon 2 Clam Blitz?

LUCAS,
VIA EMAIL

 Camp out near groups of clams to ambush opponents. Chuck some sub weapons in narrow spots to catch your opponents. To nab clams, use the Octobrush to get around faster. Remember to avoid any fights against long-range shooters. You can protect teammates with the Power Clam, then toss your clams at the goal.

Hi Game Ninja,
How do I defeat the beast near the Aurora in Subnautica?

HARLAN,
VIA EMAIL

 You don't! At least, not early on. Avoid the giant Reaper Leviathan near the Aurora at first. Wait for it to swim by, so you can make it to the Aurora for exploration. Later, you can come back and battle when you have the Prawn Suit. Upgrade the Suit with a Torpedo Arm and then keep your distance while you battle the beast!

AMONG US

FOLLOW THESE TIPS TO SURVIVE THE CO-PETITIVE GAME, AMONG US!

IMPOSSIBLE IMPOSTORS

Playing as Impostor is tricky but fun. Learning to fake performing Crewmate tasks is great. Build up trust by passing isolated Crewmates without taking 'em out. Combine faking a task with taking out a Crewmate, then sabotage the lights. Low lights ruin visibility and allow you to dodge any witnesses!

BUDDY SYSTEM

Pairing up with another player is a risky move in *Among Us*, but completing tasks in groups of three or more makes it harder for Impostors to isolate you. With lower player counts, pairing up is tricky. Impostors should use pairing up to build trust, fake a few tasks, and then take out any isolated players!

TASK MASTERY

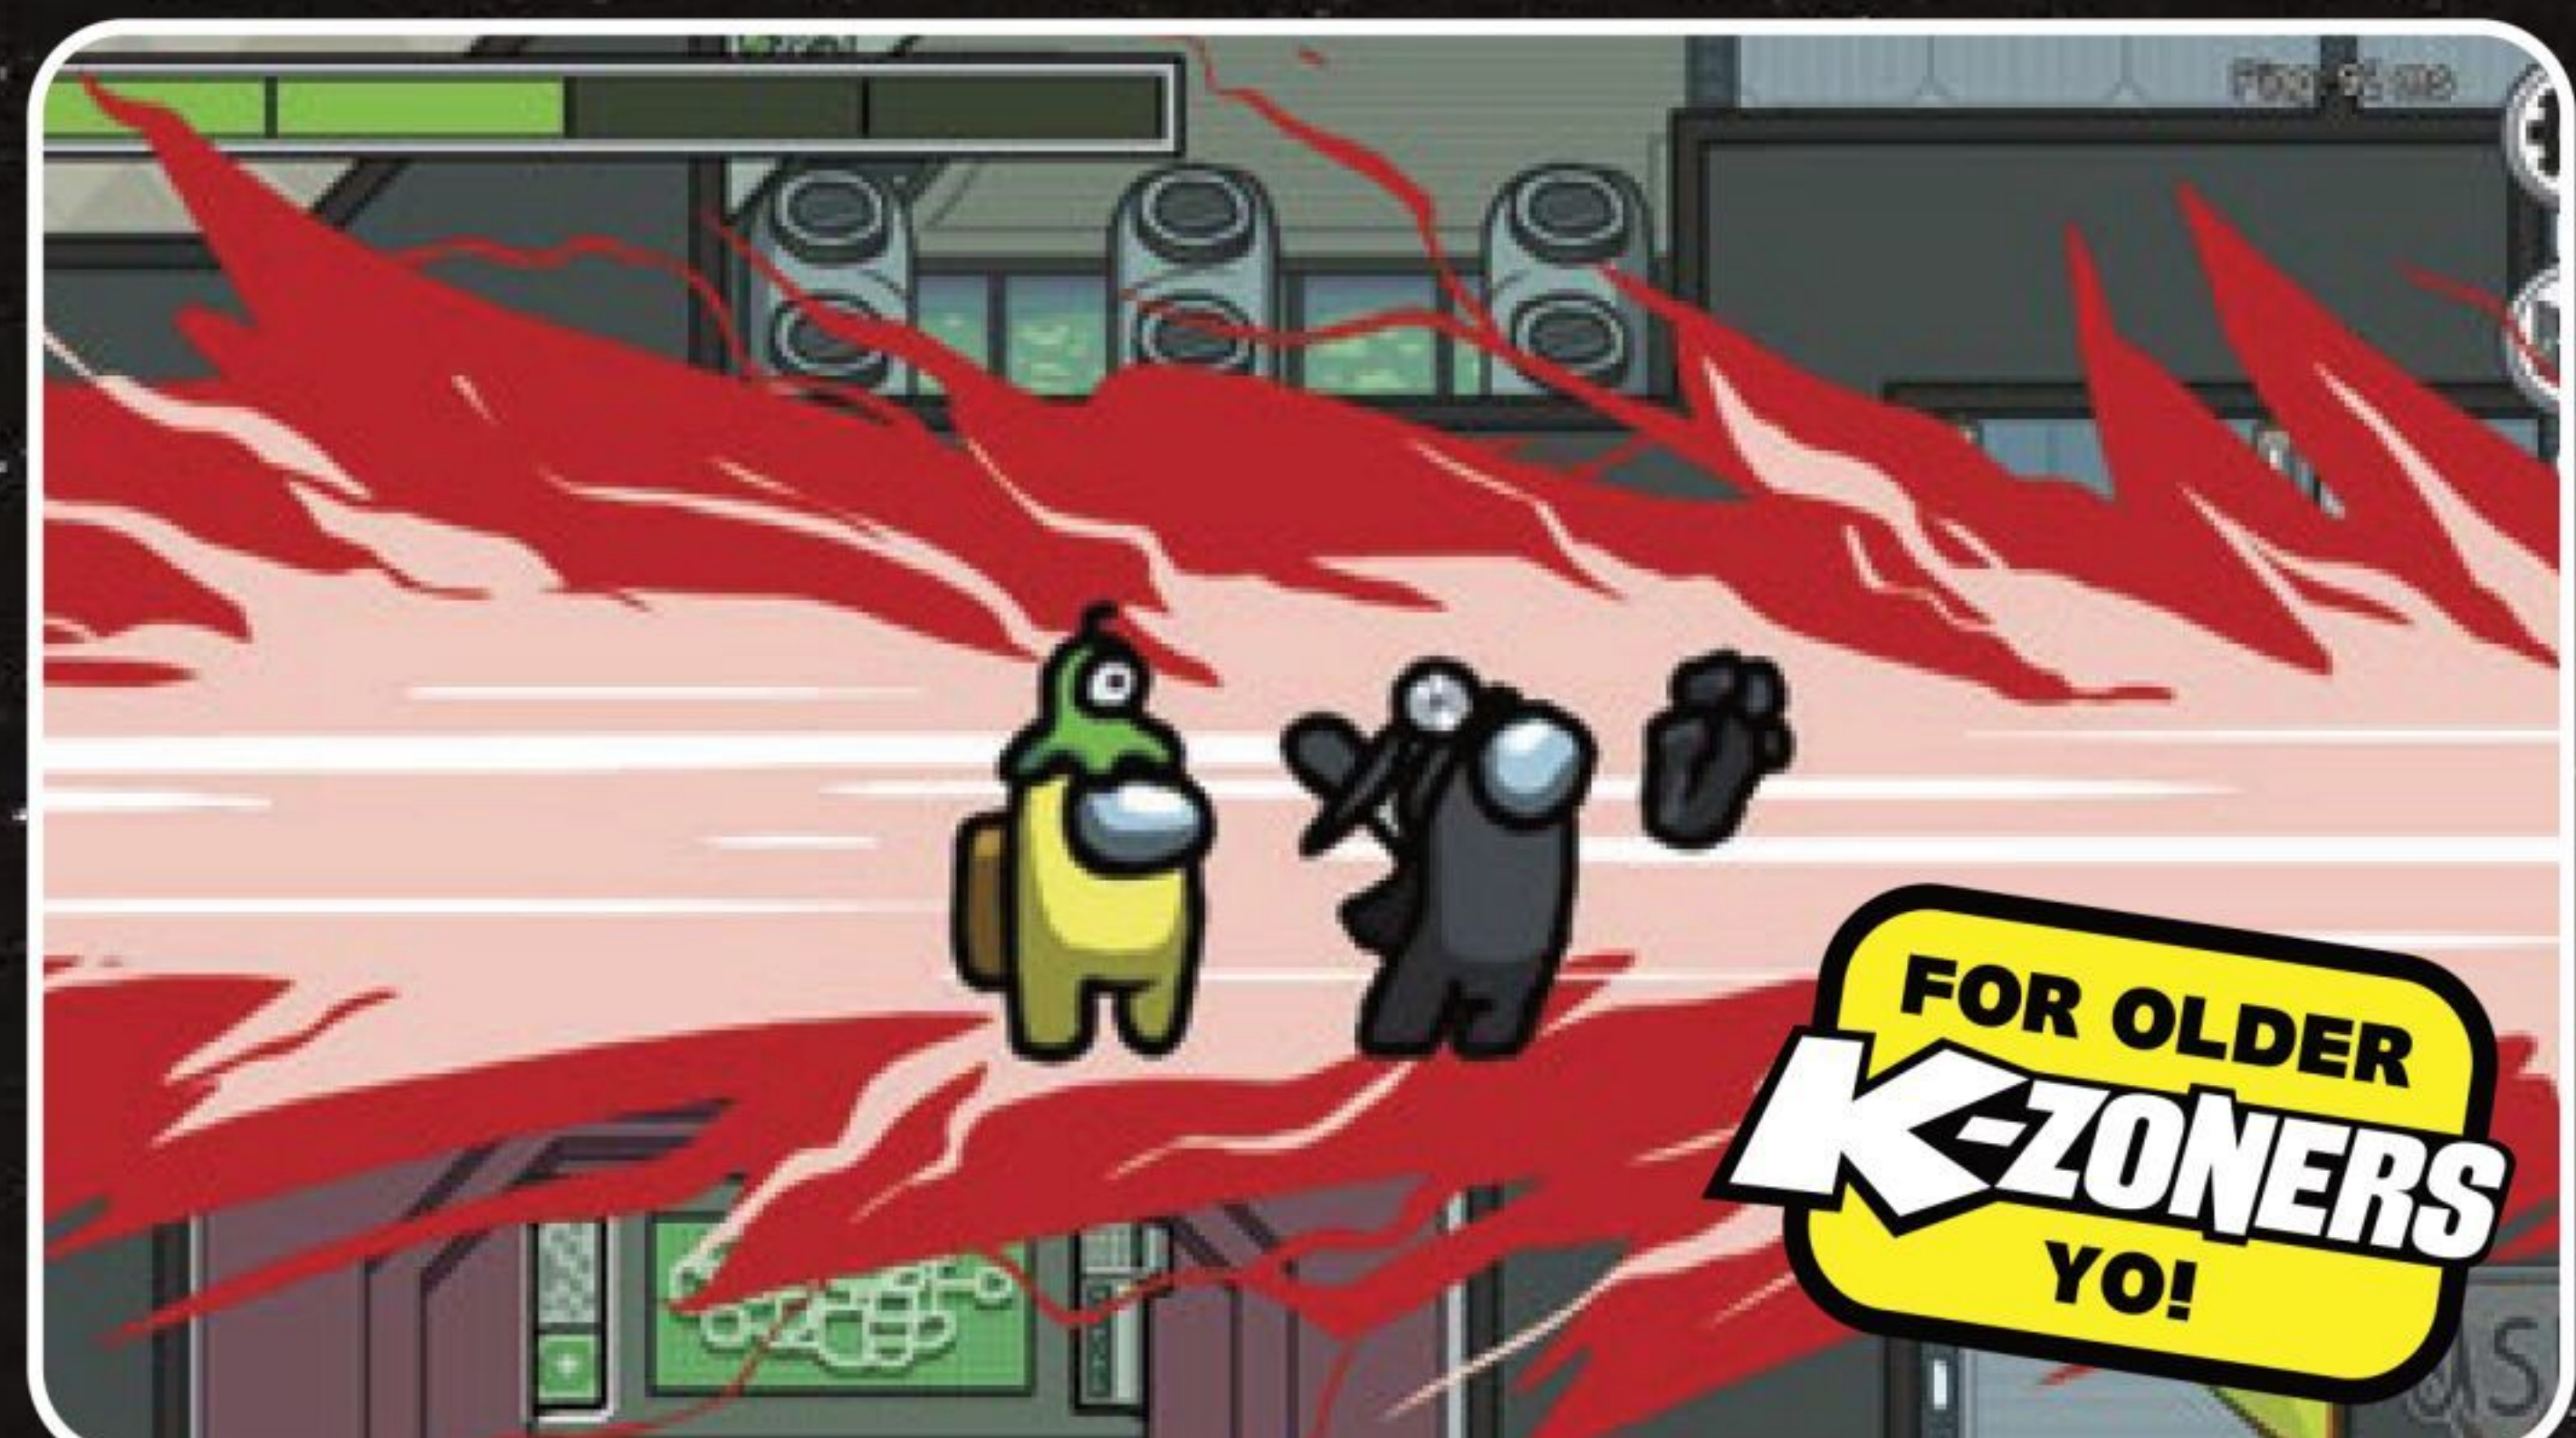

As a Crewmate, keep an eye out for common tasks, like swiping a card or turning a key. Knock 'em over first for an easy way to spot early Impostors. If one player strays early, they're likely the Impostor! If you are the Impostor, you're going to need to mimic the common tasks to avoid detection.

PSST!
Among Us is an online game, so play privately and safely!

VISUAL FX

Impostors should avoid trying to fake visual tasks, like emptying garbage, submitting scan, clearing asteroids, or priming shields. Crewmates can see if those tasks are done. However, Crewmates who do see a player complete a visual task can safely assume they are not an Impostor!

WILL POWER

WE CATCH UP WITH WILL FROM GOOD GAME SPAWN POINT!

K-Z: What are you excited to use in the next-gen consoles?

W: I'm super keen for the PS5, all the exclusive games and most importantly, the controller. With a new haptic feedback function, your controller is able to vibrate and react to what is on screen. The new adaptive triggers can tense up as you, say, pull back on a bowstring or drift endlessly in a racing game. The more I feel immersed in my gaming, the better!

K-Z: Which games are you looking forward to playing in 2021?

W: LEGO Star Wars: The Skywalker Saga for sure! Getting to build and blast through all nine movies of my favourite franchise is going to be super cool – and the entire galaxy is open to explore. I can't wait to make a speed run from Tatooine to Jakku. There's also *Hogwarts Legacy*; making your own wizarding student and spending a year at Hogwarts? Sign me up!

K-Z: Any advice for K-Zoners who want to work in a similar role?

W: Be yourself; it's the easy answer but it's true! We're all unique and interesting and have our own quirks, so keep you at the forefront while presenting! To remember lines, I find reading them in my head gets them glued in there, but everyone has their own technique.

K-Z: Hi Will! What's the funniest thing that happened while filming this year?

W: As we've been shooting from home, there sadly have not been many on set shenanigans. However, I may have forgotten to change out of my PJ's before filming in a recent shoot!

K-Z: What are your top games of 2020?

W: There have been so many great games... but I'll whittle it down to five. *Dreams*, *Crash Bandicoot 4: It's About Time*, *Microsoft Flight Simulator*, *Mario Kart Live: Home Circuit*, and *Marvel's Iron Man VR*!

WHICH HOST IS MOST LIKELY TO...

Win at Mario Kart: Me... Mainly because I use the other cars to break into corners, but I would also call that skill.

Secretly have superpowers: I am almost certain that Gem has powers. No mortal being can change their hair colour that many times.

Suddenly dance: Considering Rad bursts at the seams to play the yearly *Just Dance* games, I'll say Rad.

MEET EL SMITH, WHO PLAYS TAYLOR IN FOR REAL!

PLAYING TAYLOR IN FOR REAL! WAS...

My first proper acting experience. Not only was I trying to work out my lines and how to act, I was also learning about everything behind the camera. In our breaks I would ask questions and the incredible crew would take the time to explain. I also learned how to rollerskate, which I had never done before!

THE HIGHLIGHT OF MY TIME ON THE SHOW...

Would be one of the final scenes we filmed, if I had to give a highlight. Melody (who plays Maddie) was eating a cream pie. She had brilliant facial expressions and at one stage, cream came out of her nose. It was hysterical, to the point where the crew started silently laughing, which made it hard for us not to break.

A SECRET FROM BEHIND THE SCENES IS...

There was a pot plant in the main warehouse room and in our high-energy scenes, we accidentally broke it. Three times. During some scenes there's half a pot facing the camera so you can't tell. The art department, and especially our standby Tristan, can work magic and fix almost anything – we broke quite a few things!

AN EASTER EGG YOU SHOULD LOOK OUT FOR IS...

High fiving. There was a scene where I went to high five Harrison (who plays Jet) and he unintentionally turned away, so I was left hanging! The boys found it so entertaining that they refused to high five me in any scene, so I was high fiving the air a lot.

UNLUCKY!

UNFORTUNATE BREAK

I thought I broke my toe and didn't realise until I started limping. I went to the hospital for an X-ray but it turned out that I didn't have a broken toe! When I left the X-ray machine, I slipped and broke my foot.

Talk about unlucky!

I was out with my mum and brother at the beach when I slipped on the rocks. I was soaked. My brother laughed his head off, which added to the embarrassment!

PRANKS! PRANKS! PRANKS!

**MORE PRACTICAL
LOL-WORTHY MOMENTS!**

K-ZONER PRANK

CAN'T HANDLE IT

Create a sign that says, 'Danger. Do not open.' Put the sign on your bedroom door. Carefully place butter or Vegemite on the door handle. Since most younger siblings hate being told what to do, the odds that they will fall for this sticky trap are pretty high!

Matt, WA

BUG BLOCK

Cut open unfrozen ice blocks and slip fake rubber bugs into the liquid. Seal the tube with a clip to make sure nothing escapes while it freezes. Offer it to someone on a hot day and watch 'em freak out!

MILK MISCHIEF

Tell a friend you will give them \$10 if they let you pour two glasses of milk on their head. When your foolish friend agrees, you can then pour one glass onto their noggin'... and walk away. They will be covered with milk and since you didn't pour two glasses, you keep the money!

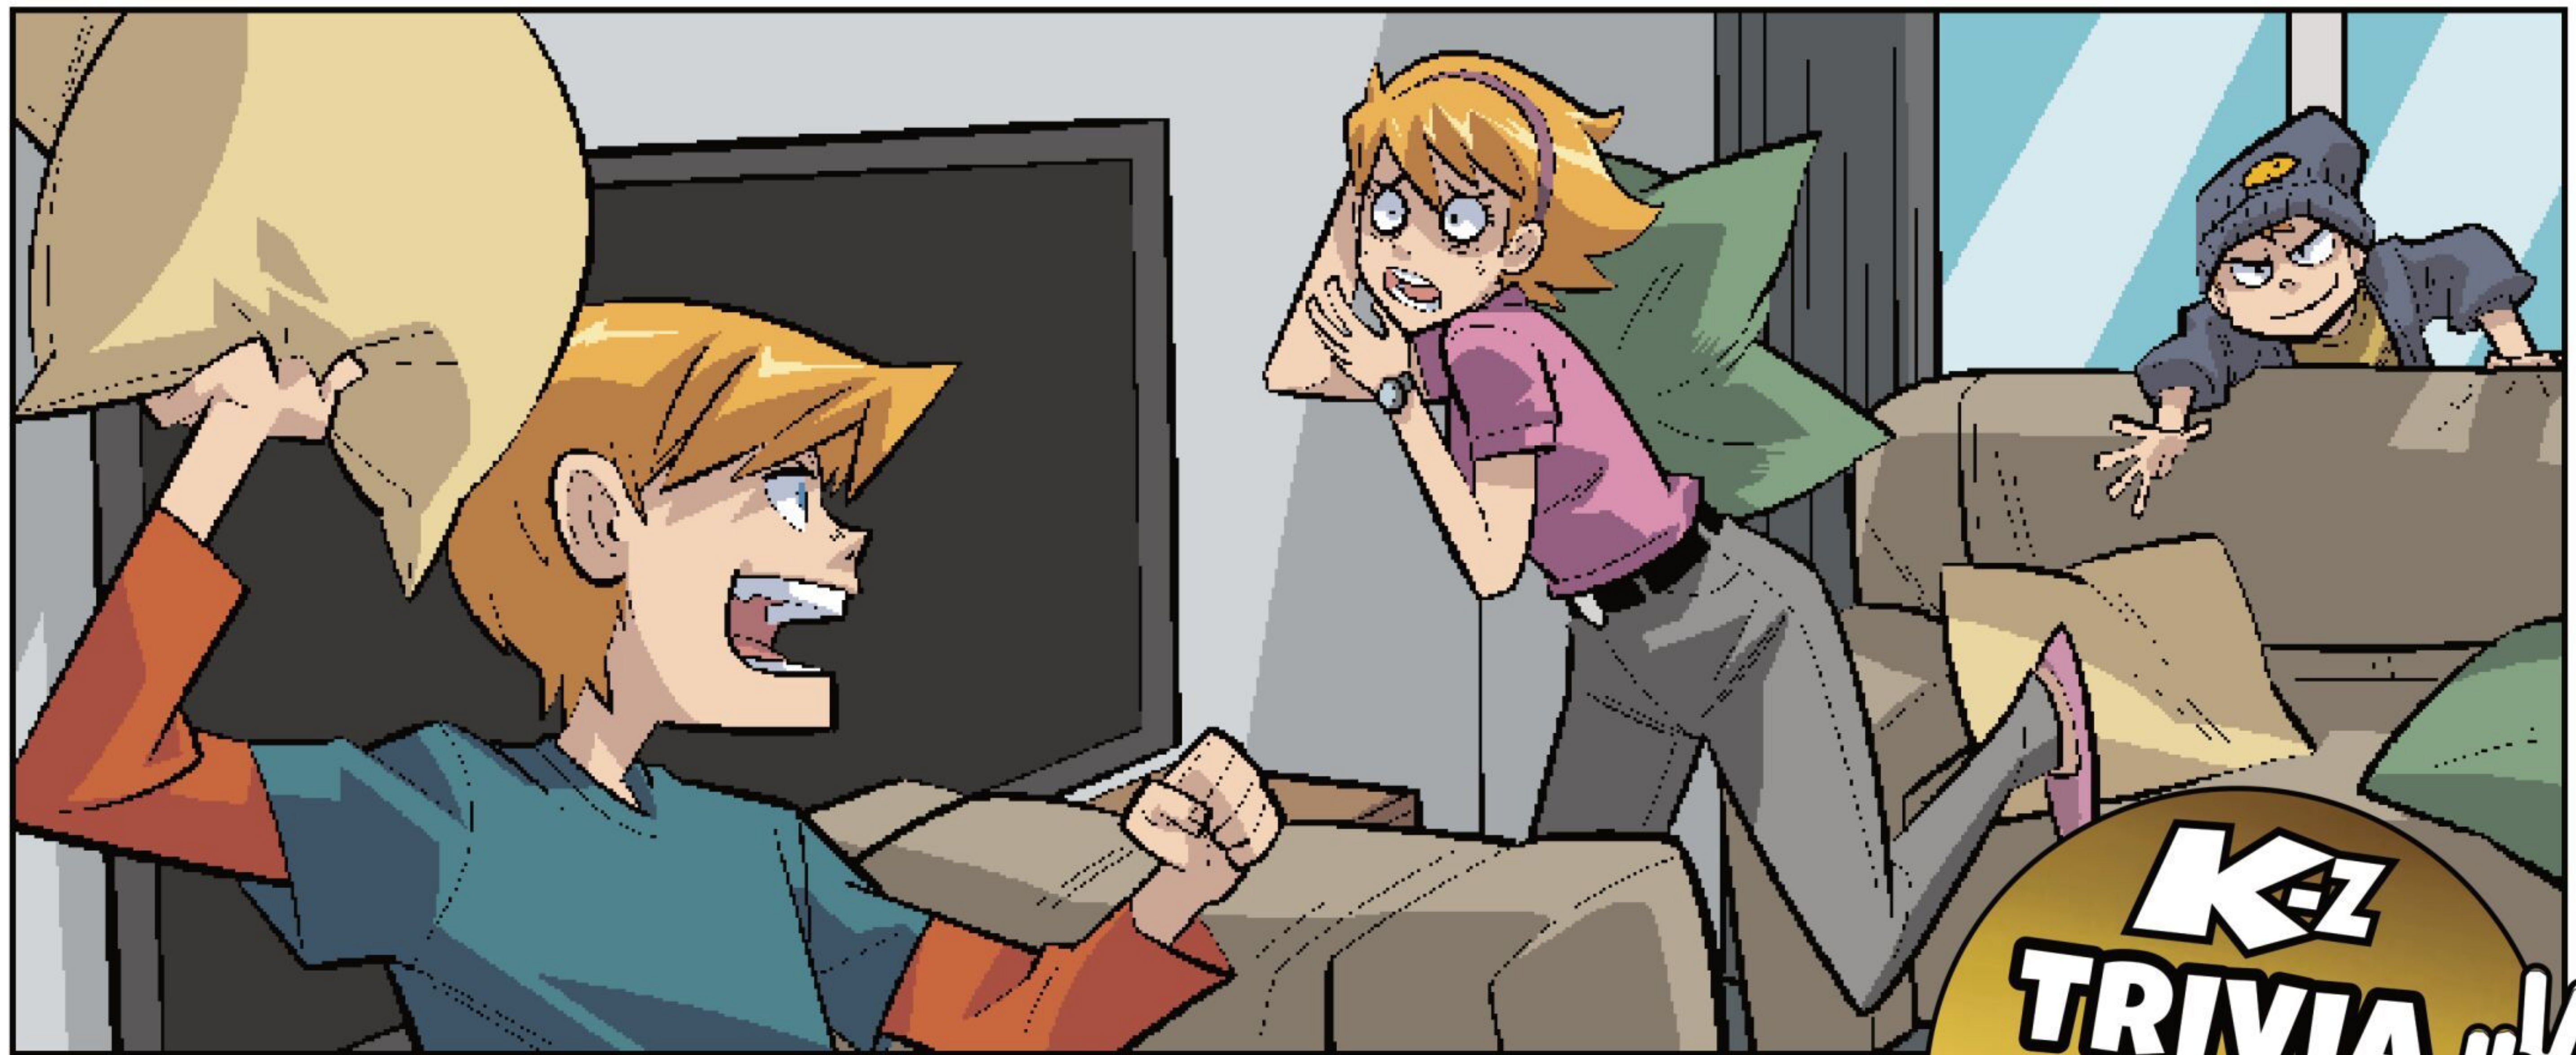

EOP'S PRANK PICK

AWESOME AMBUSH

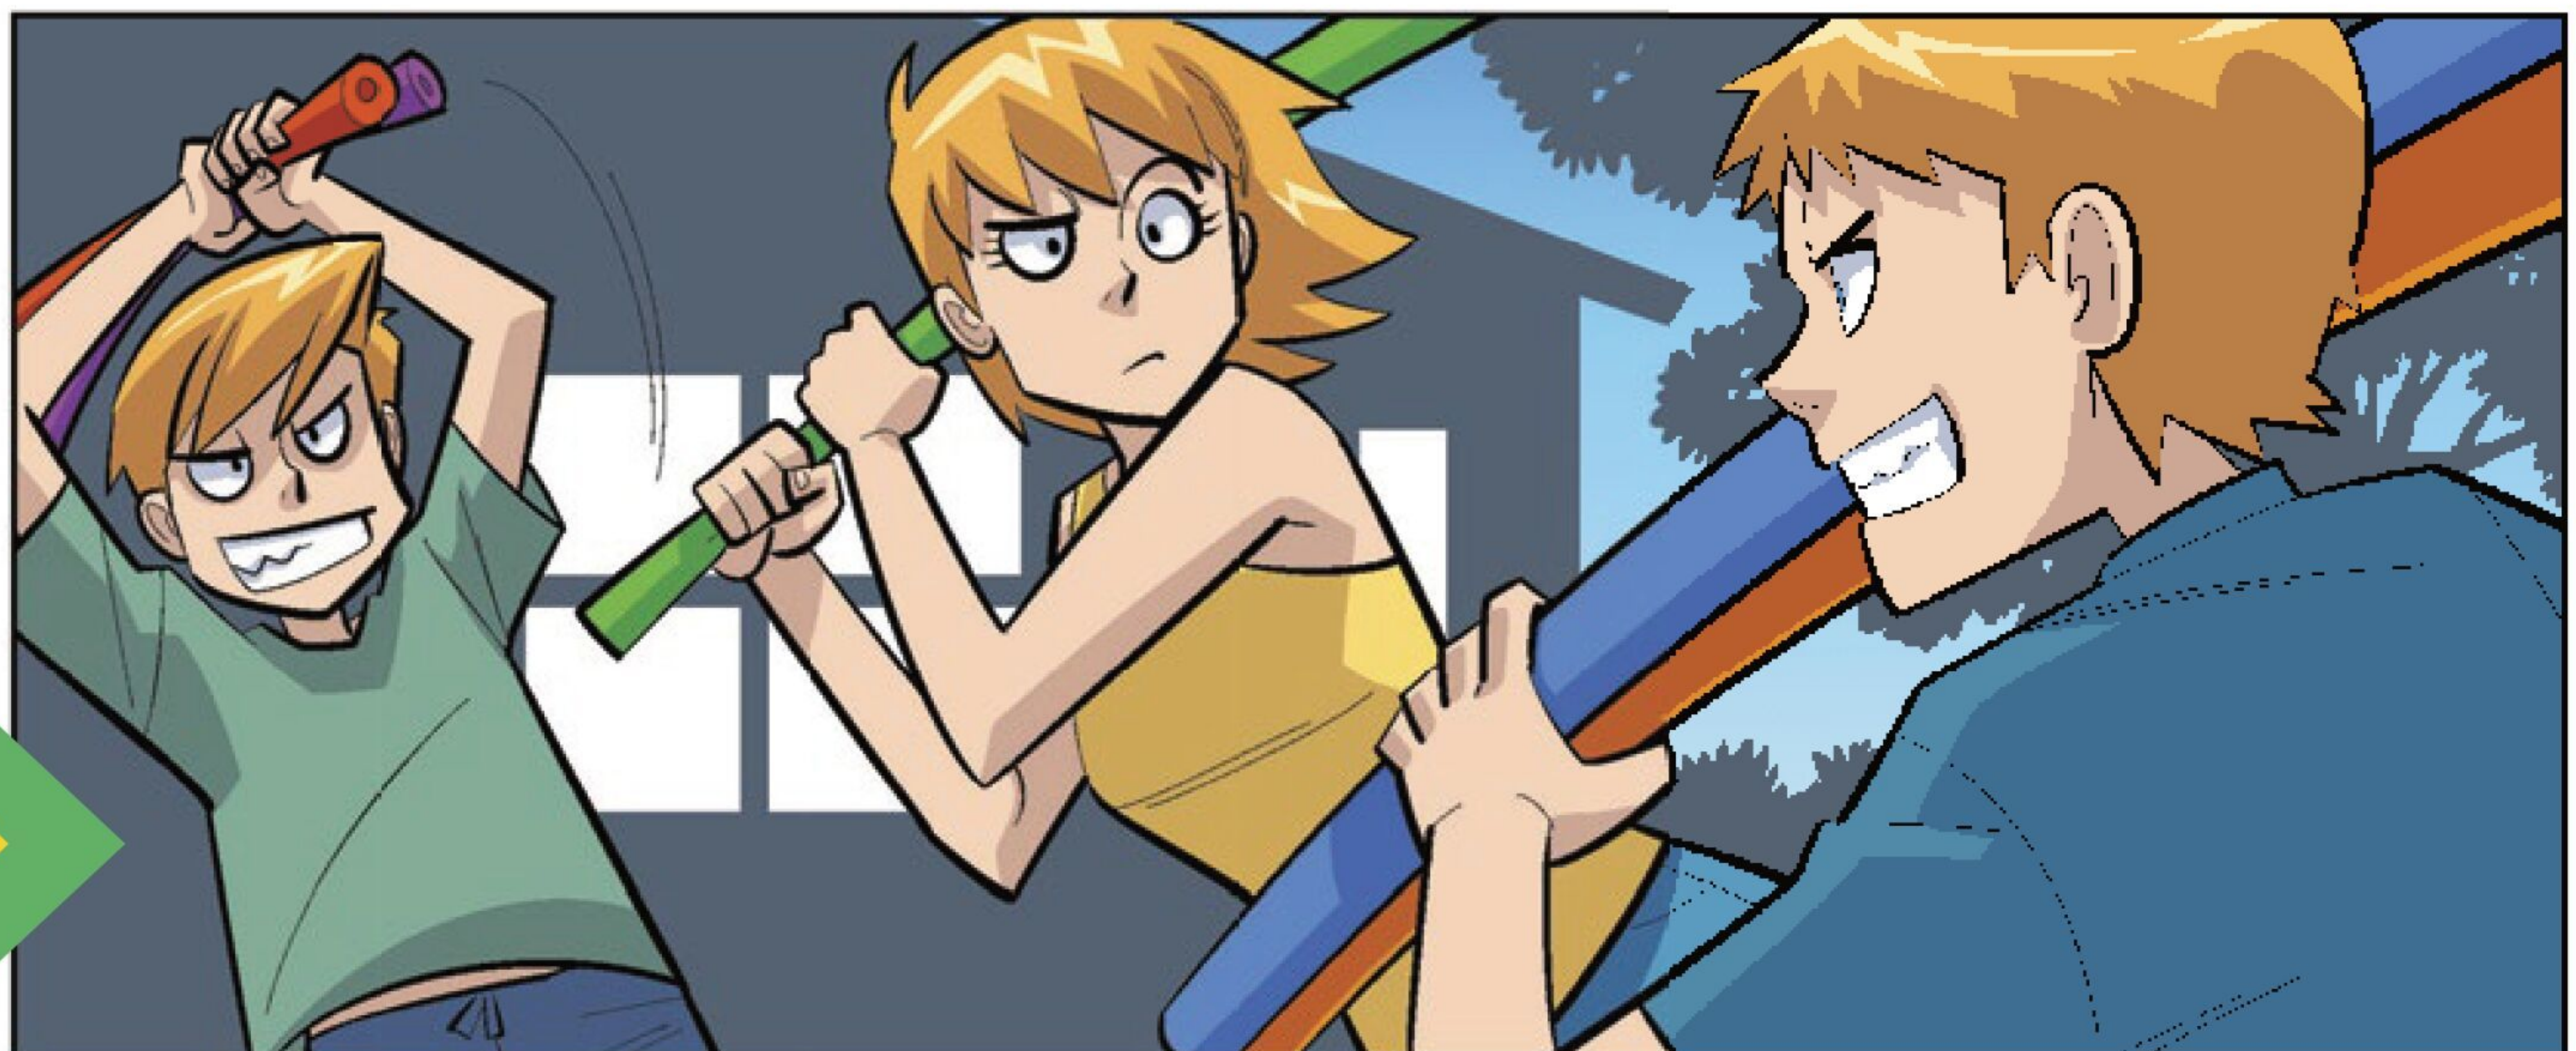

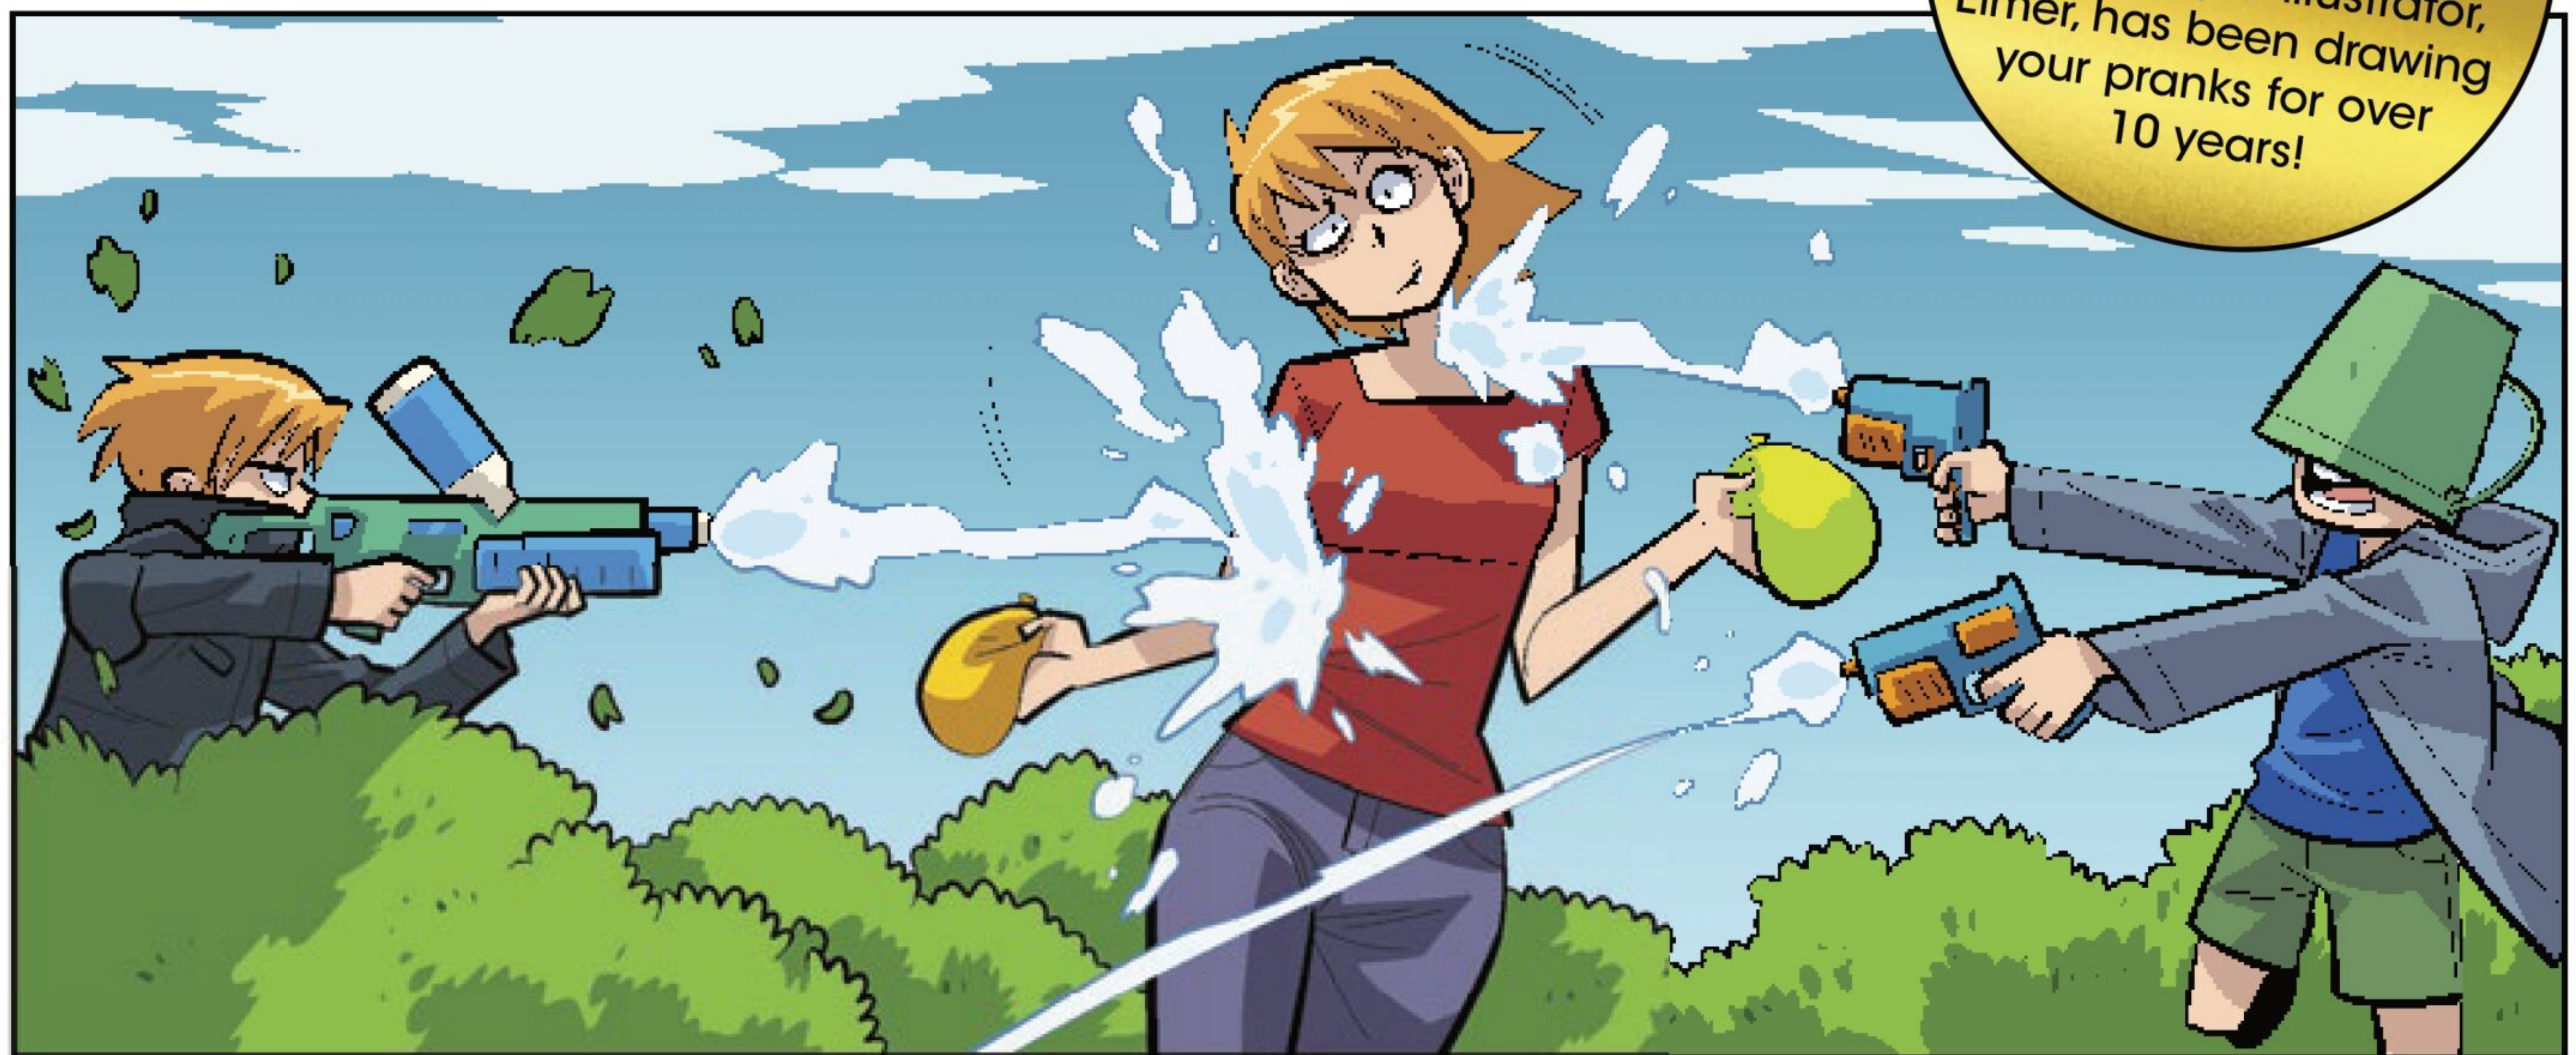

Surprise a parent with a sudden duel! It could be a pillow fight, water battle, or a pool noodle face-off. Start by luring your opponent to an ideal location, with plenty of space and no breakables. Throw 'em a weapon before they can escape and go!

THAT HA

This LEGO T. rex was one of more than 50 creations in the world's first LEGO dinosaur collection. The BRICKOSAURS! display at Marwell Zoo in Winchester, UK ran for five months, from April 5 to September 1, 2019. The LEGO builds were made by a group of pro builders called 'Bright Bricks'. The group used more than 2,000,000 LEGO bricks, and spent over 10,000 hours (969 days) to make the entire exhibition. One person would take almost five years to do the same! For example, one builder spent a whole day creating and placing this T. rex's teeth. The eyes were designed using LEGO *Ninjago* swords, a radar dish, a telephone, and a spaceship's cockpit windows. The T. rex measured 8 metres long and weighed 2500kg; the weight of a white rhino at the zoo!

LESSONS LEARNED

HERE'S WHAT THE K-ZONE TEAM HAS LEARNED FROM 250 ISSUES!

RASCAL READERS

K-Zoners are hilarious and know the funniest jokes! Seriously, the K-Zone Team read the jokes you submit to the mag and it's always a major struggle to try and keep a straight face!

SQUISH SQUASH

Slime is sublime! Very few toys can come close to delivering the same level of enjoyment we all get from playing and pranking with goo. Plus, it's heaps of fun to make!

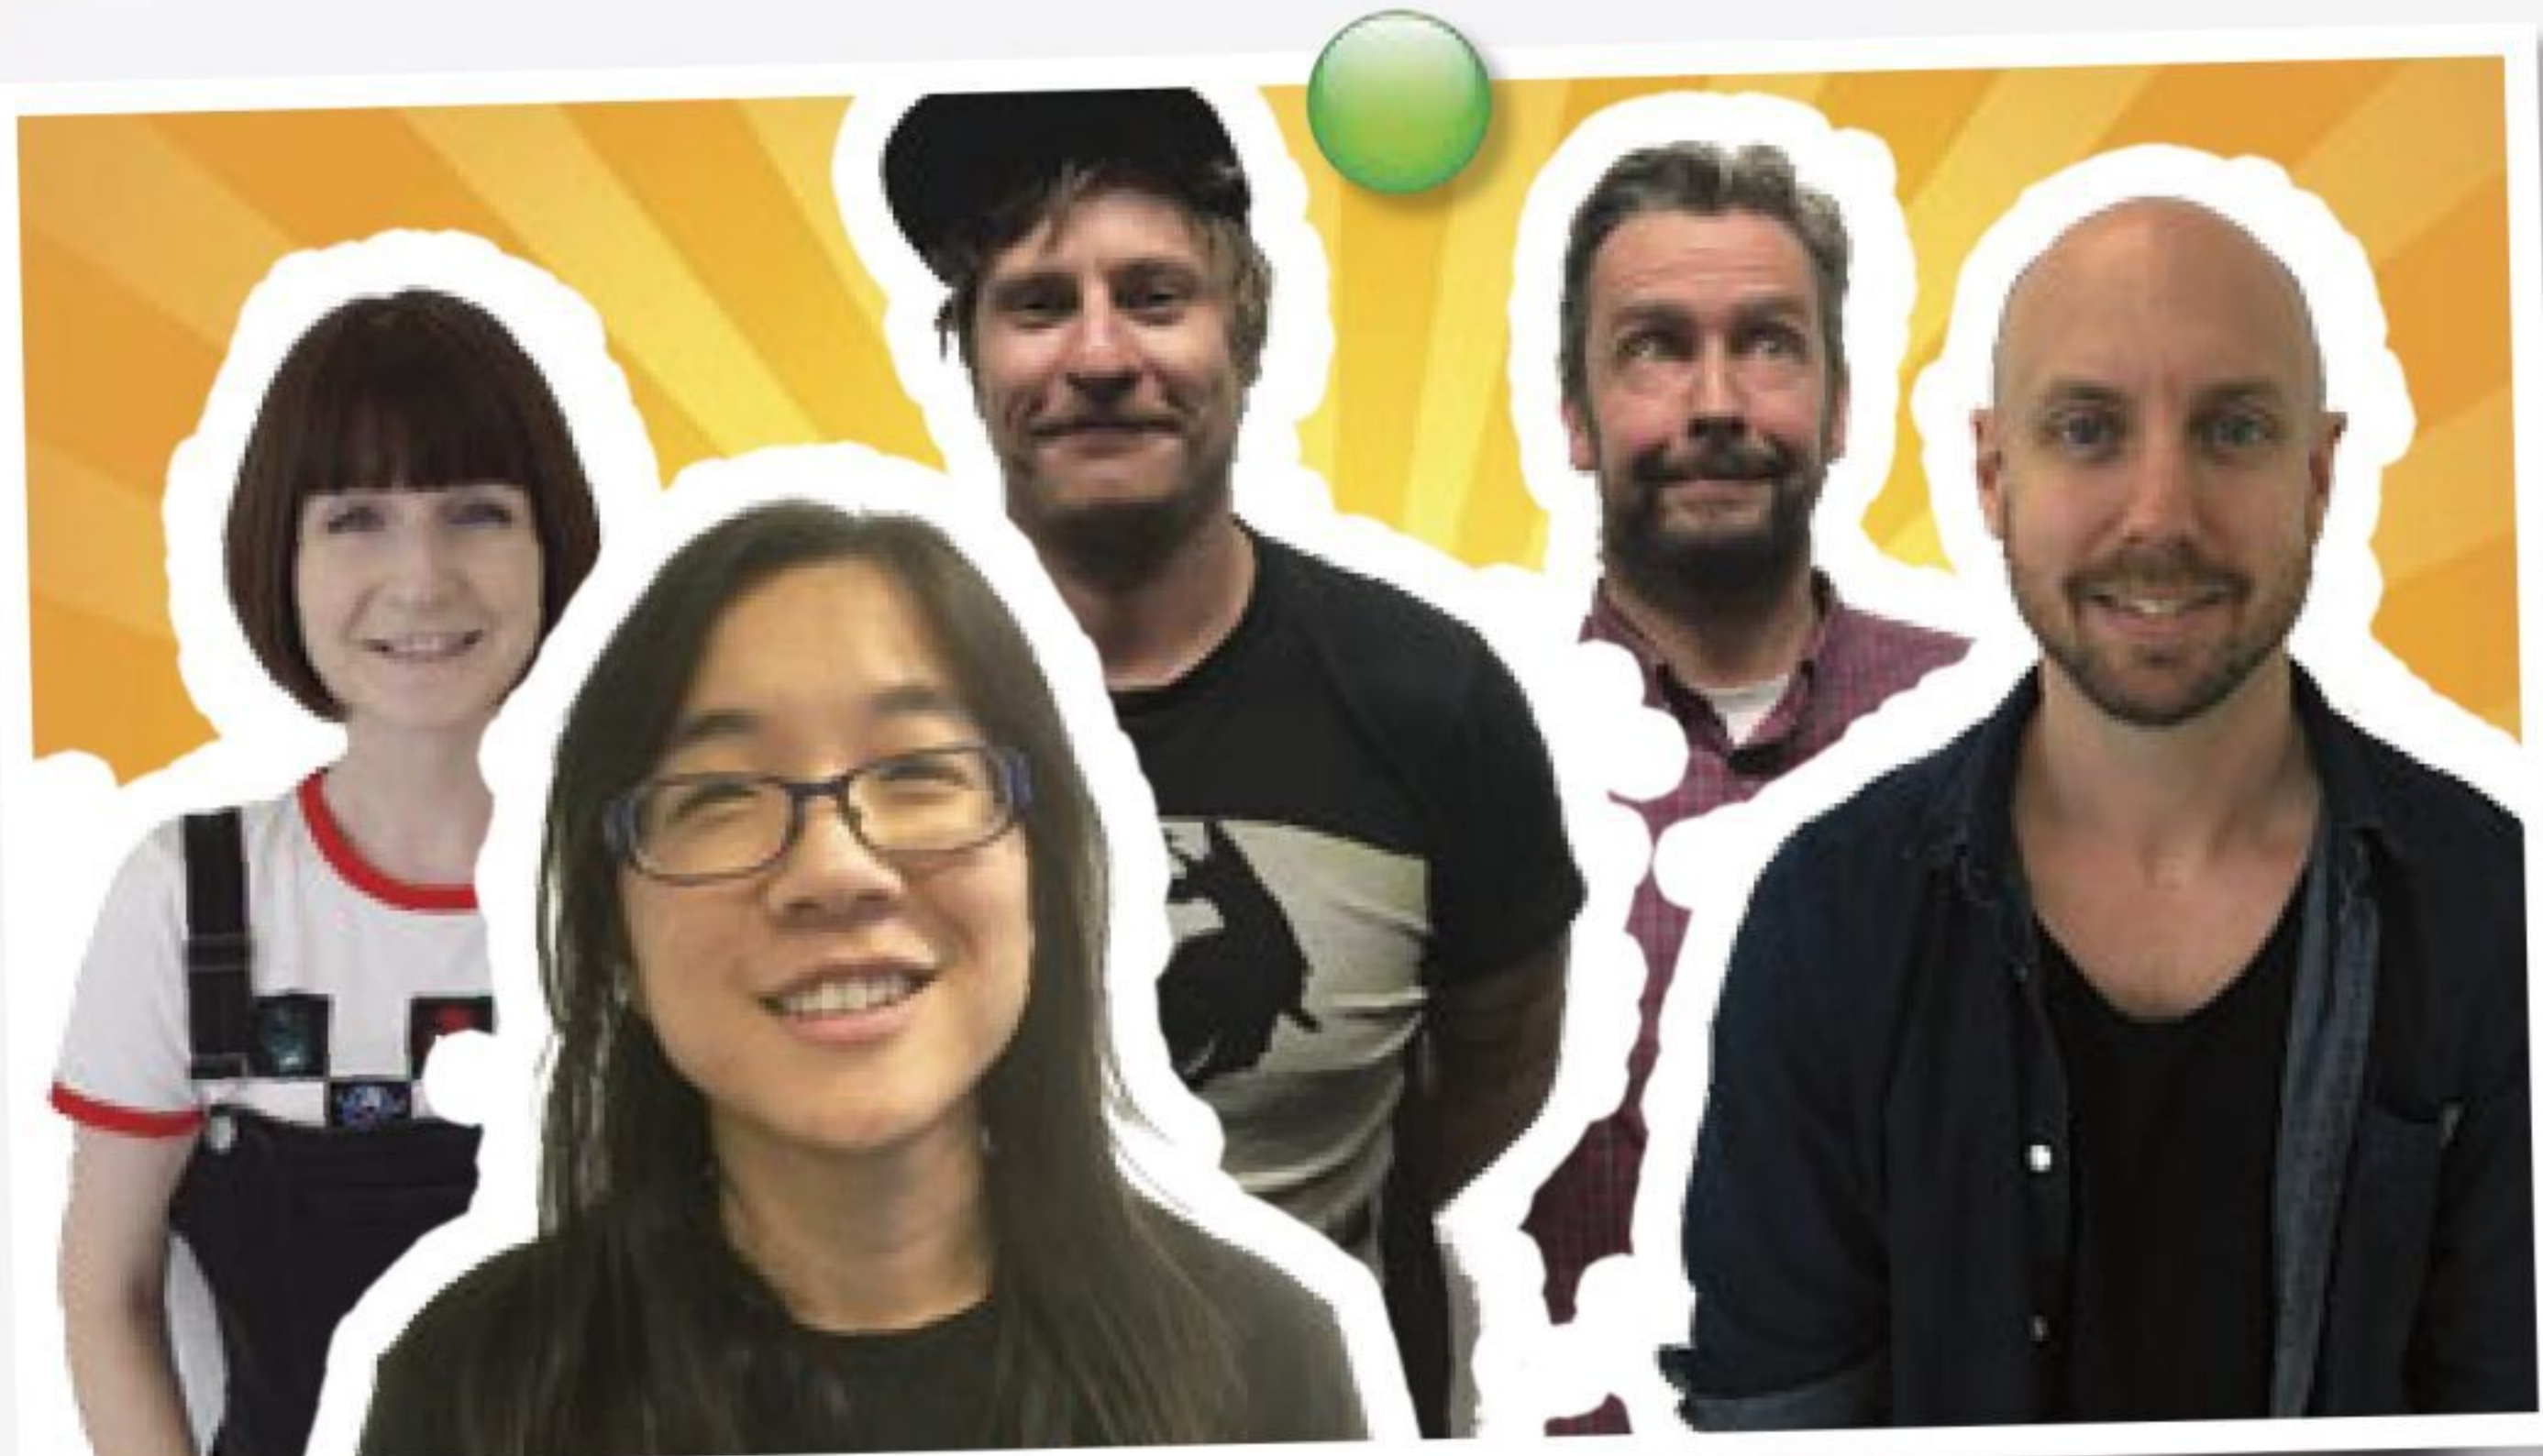

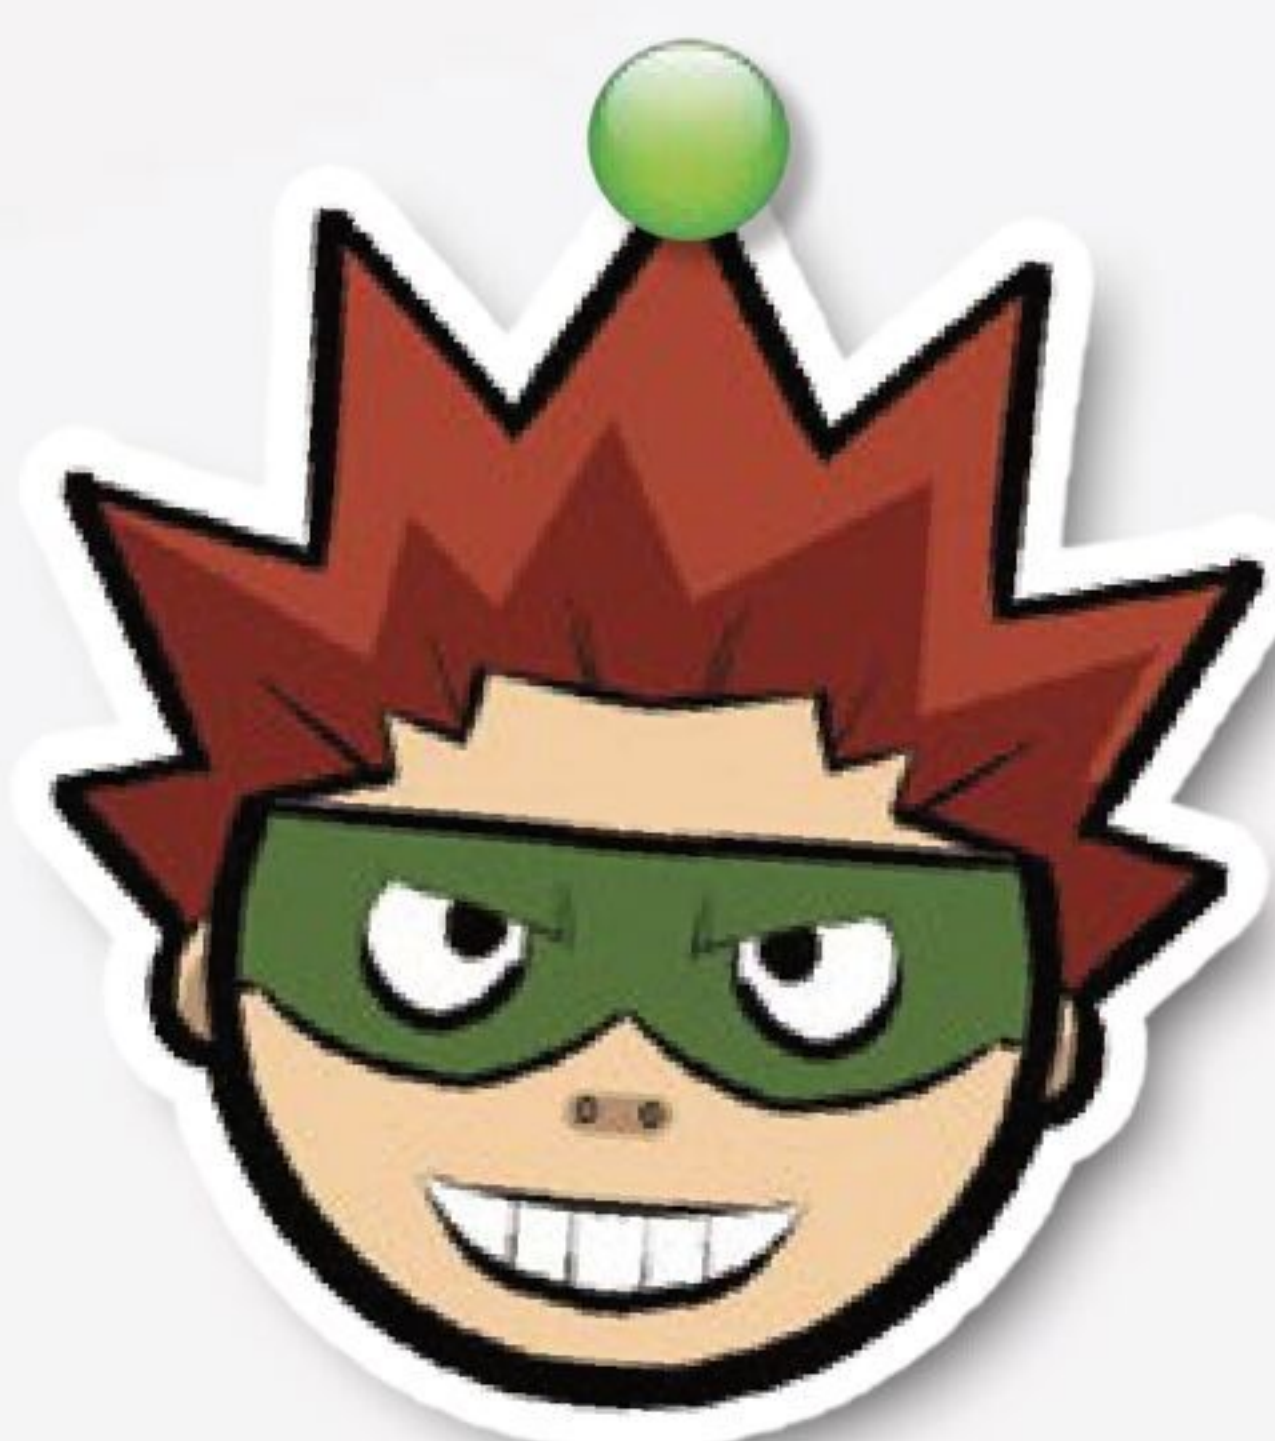

ELECTRIFYING

Pikachu is forever! Ever since the electric Pokémon starred on the first K-Zone cover, he has remained a hit with readers. The lesson is, Pikachu will always be cool in our books. LOL!

UNLUCKY LESSONS

We gain so many life lessons from reading Unlucky submissions! These tales have made everyone wary of bird and dog poo, farting in class, and keeping any precious K-Zone mags away from pets and baby siblings!

ZINE TEAM

We definitely have the best job in the world! K-Zoners are legendary and creating a new issue of K-Zone each month is so much fun. Here's to another 250 issues!
